VICTORY IN VERMONT

Good Omen for Taft and Sherman.

Prouty Wins in Green Tree State by Twenty-eight Thousand.

Democrats Snowed Under in First Big Election of Country.

Republican Leaders Rejoice Over Sweeping Triumph of Ticket.

[BY DIRECT WIRE TO THE TIMES.]

BURLINGTON (Vt.) Sept. 1.—[Exclusive Dispatch.] The election in Vermont has given a Republican majority of 25,000, approximately, for the State ticket.

If the Green Tree State maintains her traditions and stands to her reputation as a perfect indication of general results in November, Taft and Sherman will carry the nation in November by a vote approximately the same as that given to Harrison and Reld in 1888.

The State election today was watched with the most intense interest by all of the national political figures. In the minds of all but a few of them the final reports on November's election night were to be foretold by today's voting. Whether the Republican plurality was to reach up to the landslide figures of 1896, 1900 and 1904, or whether it was to drop below the danger line of 25,000, absorbed the attention of Republicans everywhere.

The sole hope of the Democrats was that Lieut.-Gov. George H. Prouty's lead for Governor would be materially less than 25,000.

The Republican majority, not only for the State ticket, but for the Legislature, which is to elect a successor to the late Redfield Proctor, was sufficiently decisive to be entirely pleasing to Republicans.

Returns at midnight from the six cities of the State and from 194 of the 240 towns, showed the following results for Governor:

Prouty, Republican, 57,292.

Burke, Democrat, 13,775.

Backus, Independence League, 928.

Campbell, Prohibition, 708.

Dunbar, Socialist, 372.

The same cities and towns in 1904 gave Bell (Republican), 39,932; Porter (Democrat), 13,390. This shows a Republican loss of 2440 votes in these cities and towns and a Democratic gain of 115 votes. The Republican plurality in these cities and towns today is 24,019, as against 26,442 in the same cities and towns in 1904. The Republican plurality in the entire State in September, 1904, was 21,557.

REPUBLICANS WIN BY GOOD PLURALITY.

[ASSOCIATED PRESS NIGHT REPORT.]

WHITE RIVER JUNCTION (Vt.) Sept. 1.—The Republicans won the election in Vermont today by carrying the State for Lieut.-Gov. George H. Prouty of Newport for Governor by about 25,000 votes over James E. Burke of Burlington, his Democratic opponent. The plurality was the smallest in a Presidential year since 1892, when it was only 17,956, and was followed by a Democratic national victory, but it is larger than in 1888 and only slightly less than in 1904.

There was a falling off in four years of about 8 per cent. in the Republican vote, while the Democratic vote fell off about 2 per cent.

The Independent party appeared for the first time and polled about 1000 votes, while the Prohibition and Socialist vote remained about the same. An unusually large number of local candidates for membership of the Legislature, although bringing out a heavy vote and resulting in Democratic gains in the lower branch of the Legislature, apparently had no bearing on the gubernatorial fight.

As Vermont is the first State to vote during the Presidential campaign there was much interest throughout the country in the size of the Republican plurality.

The Republicans retained complete control of the legislative and executive branches of the government of Vermont. They elected to Congress from the First District, David J. Foster of Burlington, for another term, and from the Second District, Frank Plimpton of Northfield, for the first time, and elected a majority of the State Legislature, which will select a successor to the late Senator Redfield Proctor.

The State ticket elected was as follows:

Governor—George H. Prouty of Newport.

Lieutenant-Governor—George A. Mead of Rutland.

Secretary of State—George W. Bailey of Essex.

Treasurer—Edwin H. Deavitt of Montpelier.

Auditor—Horace F. Graham of Grattsburg.

Attorney-General—John G. Sargent of Ludlow.

At 10:45 returns had been received from 157 towns and three cities, including Burlington, out of the 240 towns and six cities of the State. These returns gave for Governor, Prouty, Republican, 26,176; Burke, Democrat, 13,775; Backus, Independence League, 744; Campbell, Prohibition, 629; Dunbar, Socialist, 365.

The same cities and towns in 1904 gave Bell (Republican), 39,932; Porter (Democrat), 13,390. These figures indicate a Republican loss of 8 per cent. and a Democratic gain of 2 per cent. On this basis, Prouty's plurality is estimated at 28,000, compared with Bell's plurality of 31,557 in 1904.

DUCHESS'S BILL RETURNS, N. C.

Her Grace of Manchester Lets Druggist Whistle for His \$175.

[BY DIRECT WIRE TO THE TIMES.]

DUBLIN, Sept. 1.—[Exclusive Dispatch.] The Duchess of Manchester, formerly Miss Helen Zimmerman of Cincinnati, is still waiting for her father, Eugene Zimmerman, to pay the dual family's debts.

Mr. Zimmerman already holds mortgages on Kylemore and other estates of his son-in-law.

An application praying that the Duchess be examined as to her means was refused by the Master of Rolls as not urgent.

The plaintiff was a London druggist, who had obtained judgment against the Duchess for \$175, chiefly for purchases of toilet and nursery requisites.

The Sheriff to whom the decree had been entrusted for execution at Kylemore Castle, today made the return "nulla bona."

BLEEDING PRESCRIBED.

MAY SUE BUSCH FOR BIG FEE.

LEUDEKING ESTATE ASKS SLICE OF BREWER'S WEALTH.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, Sept. 1.—[Exclusive Dispatch.] Differences of opinion set between the son-in-law of the late Dr. Robert Leudeking and Adolphus Busch, in regard to the amount of the fee due the Leudeking estate by the millionaire brewer for professional services.

Mr. Busch offered the estate about \$25,000. The estate declined this and demanded an amount said to be \$55,000.

Busch threatened unless Mr. Busch pays the larger amount.

Mr. Leudeking is taking a marked interest in the matter himself. "My busch owes my husband's estate a large sum of money," she said. "Mr. Busch owes me \$25,000."

Proffer of Thirty-five Thousand Dollars for Professional Services Declined by Relatives of Deceased Physician, Who Are Holding Out for Twenty Thousand Dollars More.

[BY DIRECT WIRE TO THE TIMES.]

UTOPIAN TOWN IS A FAILURE.

N. O. NELSON ABANDONS DUBLIN COMMUNISTIC PLAN.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, Sept. 1.—[Exclusive Dispatch.] The efforts of N. O. Nelson, the St. Louis millionaire philanthropist and idealist, to convert the little town of Dublin, this county, into a Utopian colony, has met with failure.

The people of Dublin took but indifferent interest in his plans for the improvement of that community. They regarded his homecroft establishment and his plans to erect public buildings, of which every residence of Dublin was to be a joint owner, as merely eccentricities of a dreamer who had more money than he knew what to do with.

Disgusted with the lack of interest displayed by Dublin people in his really sincere efforts to improve the town, Mr. Nelson became provoked after he had built the homecroft establishment and decided to Miss Flora Brown and abandoned his plans for further improvements. Mr. Nelson, it is stated, also withdrew his support from the homecroft institution. Miss Brown has disposed of the property for residence purposes.

OPEN GRAVE TO GET FORTUNE.

Heirs of John Rupp, Buried Eighty Years, Seek to Recover Birth Record.

[BY DIRECT WIRE TO THE TIMES.]

SHAMOKIN (Pa.) Sept. 1.—[Exclusive Dispatch.] Heirs of the late John Rupp, who died in 1828, assembled in the cemetery at Numedea today and with the permission of the cemetery authorities dug his grave open in an attempt to procure the birth certificate of the deceased man, who, it is alleged was the direct descendant of a relative in Germany who died leaving \$20,000,000.

This sum, it is said, the government holds for distribution when the legal heirs come forward and prove their claims.

When the coffin was reached it was found to be in a badly decayed condition, along with the body. Although the grave searchers did not announce the results, one who was near by at

Wrong Negro.****Woman, Assault on Whom
Led to Reign of Terror,
Exonerates Prisoner.****Mrs. Hallam Now Names Son
of First Man Lynched
by Springfield Mob.****Sensation Created in Illinois
Capital by New Phase
of Situation.**

SPRINGFIELD (Ill.) Sept. 1.—[Exclusive Dispatch.] George Richardson, the negro charged with assault upon Mrs. Mabel Hallam—the crime which caused the outbreak of the race riot in this city—was declared to be guilty in a statement made today by the woman to State's Attorney Hatch.

The news created a sensation in Springfield, which was kindled anew when W. E. Hallam, husband of the young woman who claims to have been outraged, secured a warrant for the arrest of Ralph Burton, said to be a son of Scott Burton, the first negro lynched by the mob on August 15.

Young Burton is charged with the crime for which Richardson has already been indicted by the special grand jury and the complaining witness is as positive in her declarations against the new defendant as she was against George Richardson.

Burton is about 19 years old. When last heard from he was in Wichita, Kan., and had just been released from the city prison there, before it was known that he was wanted in Springfield.

When Mrs. Hallam was assaulted, as she claims, at her home on North Fifth street the night of August 15, she was positive that the man who dragged her from her bed out into the garden was a negro. She was emphatic in declaring that she could positively identify the black if she could see him again.

IDENTIFIES RICHARDSON.
Next day Richardson, who had been working in a house near the Hallam home, was arrested on suspicion. The negro denied the guilt and claimed to have spent the entire night at the home on East Capitol avenue. Mrs. Richardson supported her husband's attempt to prove an alibi.

When first she confronted Richardson, Mrs. Hallam was not positive in her identification, because as she afterward explained, she was afraid her husband might kill the man. Later, when she viewed the accused man after her husband had been slain, she was certain that Richardson was the one who attacked her.

BOATS COLLIDE IN FOG.
Steamer Crashes Into Pierpont Morgan's Steel Yacht and Is Damaged.

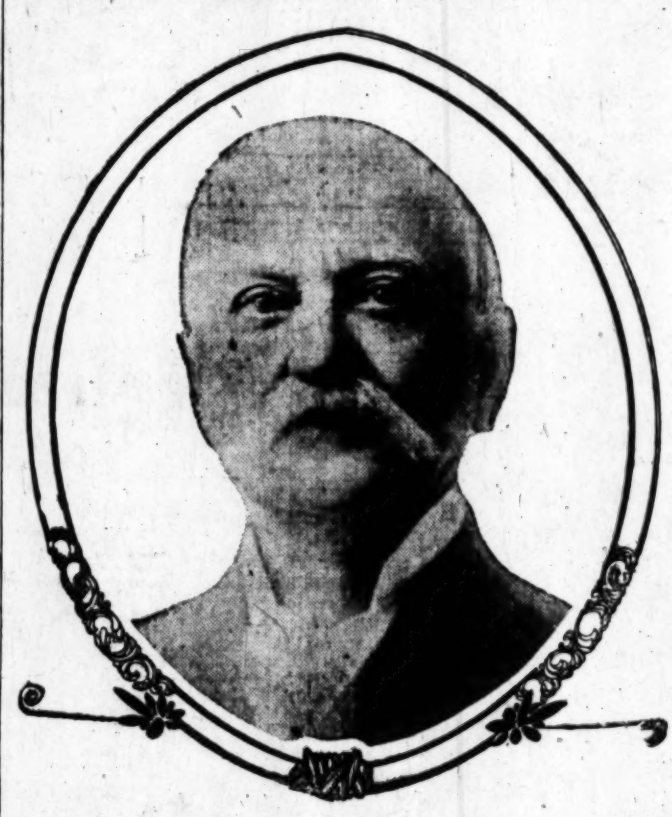

NEW YORK, Sept. 1.—During a dense fog on the East River, today, the New Bedford liner steamer New Hampshire, while passing down the river on her way from New Bedford to this city, crashed into J. Pierpont Morgan's great black steel yacht, the Corsair, probably the largest and handsomest yacht sailing out of New York.

The Corsair's long steel bowsprit penetrated the Sound liner's upper structure and crushed the sides out of eight staterooms. In which most of the passengers were sleeping. Only one man was injured and he sustained only slight bruises from falling debris.

In the crash the Corsair's foretop mast was brought down on deck and crashed through the roof of the dock house. No one on board the Corsair was injured. The damage to the yacht amounts to about \$500.

SEVEN MODIN SAFE.
STOCKHOLM, Sept. 1.—Seven Modin, the Swedish explorer, who in 1900 started from Chinese Turkestan on a journey of exploration to Tibet, and who was last heard from in the summer of 1907, has sent a letter to his parents here, which they just received, stating that he and his party are safe, and that they will arrive at Simla early in September.

FOR HEADACHE.
Take Horford's Acid Phosphate. Recommended for the relief of headache caused by summer heat, overwork or nervousness.

leader of the veterans of the Union Army of the Civil War, who yesterday was honored guest at reception by Woman's Relief Corps of Toledo.

**PITH OF NEWS FROM
THE MIDDLE WEST.**

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, Sept. 1.—[Exclusive Dispatch.] The predicted cool wave delayed its arrival for several hours today and for a time threatened to skip Chicago altogether. Heat prostration and much suffering resulted from the latest torrid spell that sent the temperature about the 90 mark yesterday and threatened to shatter that record today. Just as it seemed probable the hot wave had come to stay, however, the wind suddenly shifted to the northwest and the temperature began falling. Today's maximum temperature was 88 and the minimum 70 deg. Middle West temperatures:

ALMOST A LYCHING.
[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, Sept. 1.—[Exclusive Dispatch.] In an attempt to lynch a negro who had attacked a white girl on her way to work, a mob of nearly 200 men and boys made a charge on a policeman and would have taken and hanged his prisoner but for the timely arrival of reinforcements. The scene of the attempted lynching was Van Buren street and Wabash avenue. The negro, Martin Vincent, who is believed to be a Springfield refugee, attacked Miss Josephine Ludwig, 16 years old.

RAIN AT MELBOURNE DAMPENS FESTIVITY.
[ASSOCIATED PRESS NIGHT REPORT.]
MELBOURNE, Sept. 1.—Adverse weather conditions and a disposition to take things easy, after yesterday's strenuous programme, combined to make today an off-day in the way of special entertainment for the officers and men of the visiting American battleship fleet.

The rain which began falling late last night, cutting short the merry-making of the memorable celebration in honor of the visitors' arrival here, continued through the night and this morning the city and its guests awoke to the prospect of a dull, damp day. Notwithstanding the unfavorable weather outlook, however, large parties from the battleships came ashore early, the men preparing to make the best of their shore leave and the officers to attend such functions as had been arranged for the day.

It is estimated that 600,000 persons witnessed yesterday's procession. The railways alone carried 400,000 to the scene of the festivities.

Rain fell steadily all the afternoon, but the streets were thronged with pleasure seekers.

Several football matches were played. Teams from New South Wales, Queensland, South Australia, West Australia and New Zealand gave an exhibition of the game as played in Australia, after which teams from the battleships Kentucky and Minnesota took the field.

The Americans played a tie, neither side scoring.

Fully 1500 people attended the reception given by Admiral Sperry on board the flagship Connecticut, and the gathering was a brilliant one. Sir Thomas Gibson-Carmichael, the Governor of

Victoria, Lady Carmichael and Alfred Deakin, Prime Minister of the Commonwealth, were among the guests.

In the afternoon the Lord Mayor of Melbourne gave a reception to the admirals and senior officers of the American fleet at the Town Hall. Three Free Masons gave welcome to 600 visitors.

The evening the Royal Yacht Club gave a dinner in honor of the senior officers of the fleet. Prime Minister Deakin made a speech on the question of Australian defense, in the course of which he said that the visit of the American battleships to Australia meant the awakening of the Australian people.

The usual brilliant illuminations in the harbor were received tonight.

COLLIERS AT HONOLULU.
[ASSOCIATED PRESS NIGHT REPORT.]
HONOLULU, Sept. 1.—The battleship Justine, which sailed from Mare Island and navy yard, August 19, arrived here today with supplies and provisions for the Pacific fleet. The return, which sailed on the same date, arrived here yesterday with coal for the fleet.

The Pacific fleet, under Rear-Admiral W. T. Swinburne, which is towing the torpedo destroyer flotilla, is due to arrive at Honolulu tomorrow. It will remain here until September 10, when the destroyers in tow, the fleet will sail for Pago Pago, Samoa.

Warships Sail for Suva.
ADEN, Sept. 1.—The battleships Maine and Alabama, which are preparing the Atlantic battleship fleet on the cruise around the world, left here today for Suva.

COINAGE OVER TWO MILLIONS.
WASHINGTON, Sept. 1.—The monthly coinage statement shows that the total coinage executed at the mints of the United States during August, 1936, inclusive of 1,910,944 pieces for the Philippine government, aggregated \$2,180,000, as follows: Gold, \$1,285,000; silver, \$782,500.

**VETERANS SEE
HISTORIC SPOT.****Dedication of Fort Meigs
Monument Held.****Forty Thousand Make Trip
from Toledo.****Scene of Event in the War of
1812 Is Marked.**

[ASSOCIATED PRESS NIGHT REPORT.]
TOLEDO (O.) Sept. 1.—A street parade of a civic character, preparatory to the G.A.R. parade tomorrow, and the dedication of the Fort Meigs monument at Perryburg, twelve miles from Toledo, divided interest today in the forty-second encampment of the G.A.R.

Forty thousand journeyed by trolley and boat to the historic spot where Gen. William H. Harrison, in 1812, checked the ambitions of the British general, Proctor.

Many speeches were made, chief among them being the utterances of Senator J. B. Foraker, Gov. Harris and Gen. Bennett Y. Young, representative of the State of Ohio.

When Gov. Harris and his party arrived on the ground, shortly after 11 o'clock this forenoon, the Governor's motorcade of seven cars was thronged with veterans of the battle of Perry, D. A. (when the bunting which draped the newly-erected monument was drawn forth by the cheers from a thousand throats.

The gubernatorial party, which included Senators Foraker and Fawcett, came to Perryburg in laundries and from the automobiles, preceded by the band.

The women's Relief Corps held a reception to Commander-in-Chief Burton of the G.A.R. Senator Foraker addressed an audience of negro veterans at the African Methodist Episcopal Church. The spectacular feature of the day was the "Veteran Night on the River."

All the pleasure craft in the harbor, led by the old schooner Wolverine and the tugboat, moved down the river under way Company, as a result of the day's people watching their progress.

At various State headquarters today were spent in issuing instructions for the formation of the parade tomorrow.

BATTLES OVER.
**JUDGE T. H. BACON
DIES IN MISSOURI.**
[ASSOCIATED PRESS NIGHT REPORT.]
ST. LOUIS, Sept. 1.—[Exclusive Dispatch.] Judge Thomas H. Bacon, 62, died today at his home in St. Louis, Mo. He was a member of the Missouri bar and a prominent figure in the state's history.

PROTEST AT ASSESSMENTS.

Pullman Company and Harriman Lines
Represented Before the State
Equalization Board.

[ASSOCIATED PRESS NIGHT REPORT.]
SACRAMENTO, Sept. 1.—In compliance with the request of the corporations involved, the State Board of Equalization today heard representatives of the Pullman Car Company and the Southern Pacific and the Central Pacific railroads protest against the assessments levied upon them by the board August 2.

The Pullman people occupied a great part of the day in the outward appearances, they derived little satisfaction from the rehearing. The agents of the Pullman company stubbornly refused to recognize the jurisdiction of the board to assess their corporation. Attorney T. C. Coogan and Col. H. T. Pippy of San Francisco appeared for the Pullman company.

Jerome Burke presented the protest of the Southern and the Central Pacific lines in writing. The complaints of these lines were emphatically set forth and are practically identical. They ask that the assessments against the Harriman line be reduced 50 per cent. The valuation placed upon the Southern Pacific was \$51,577,752. The Central Pacific was assessed at \$24,655,251.

TATTER SUN FLAG.**

NEW WOULDNT YOUR HEART ACHES FOR
NORRIS' Army Moving Onto Chi-
cago Through the American Six-
sage? Better To Mope
For Empire Than Mobilize.

[BY DIRECT WIRE TO THE TIMES.]
CHICAGO, Sept. 1.—[Exclusive Dispatch.] What about this prediction of Hobson's that Chicago with-
in 10 years will be sacked by the
Japs? As the problem of state and
local defense is being taken up by
Col. Milton G. Foreman of the First
Cavalry, I.N.G., who said:

"The Alabama Congressmen is
quoted as saying that Canada and
Mexico contain thousands of Japs who
will be sent to Chicago to be trained
and set in motion toward Chicago as
the great industrial center of the coun-
try."

"Suppose the captain is right and
an army of Japs is recruited in
Mexico, sent to Chicago and set in
motion toward Chicago. Did you
ever hear the rebel yell in Texas?"

Personally, I don't believe the little
fellows could get through three coun-
ties of the Lone and spunked. And
there are Oklahoma and Kansas, full
of husky six-foot, corn-fed Ameri-
cans. It is enough to make your
heart ache for the Japs of Okla-
homa and Iowa. I can't bear to
pursue the subject further."

Four Dancers in New York Thea-
ter Discard Clothes They Put on to
Pass Inspection and Appear in Cos-
tumes That Suggest a Return to
Garden of Eden Stage.

[BY DIRECT WIRE TO THE TIMES.]
NEW YORK, Sept. 1.—[Exclusive
Dispatch.] New York's four Salomes
performed again last night and the
tights, which were in evidence when
the police inspected the shows on
Saturday, were conspicuous by their
absence.

At Hammerstein's, Gertrude Hoffman
did not wear the gauzy garments which
were passed by the police censor, but
the audience did not seem to mind one
bit.

Miss Laura Guerite, who Salomes at
the Casino, could not very well have
worn less. Her legs were bare and un-
der the diaphanous gauze she wore,
there were a very smart pair of thin,
flesh-colored "brakes" which were only
visible when she gave an extra violent
whirl.

When Eva Tanguay wiggled out on
the stage of the Casino Theater, it
didn't take the audience long to learn
that as far as the eye could see, this
fillicious Salome is about as bare as
she possibly could be. La Sylphie, at
Proctors, Fifth avenue, did not display
herself in the tights which she wore
Saturday, when the police were un-
welcome guests.

EMPEROR HOLDS REVIEW.
BERLIN, Sept. 1.—The autumn re-
view by Emperor William of the
troops quartered in Berlin and Pots-
dam, took place today. There were
10,000 infantry, 1,000 cavalry and
8000 cavalrymen of the household regiments.
Lieut.-Col. John T. Wiser,
German minister to the United States,
was among the foreign military
guests. A number of Americans, in-
cluding several members of the sub-
committee of the National Monetary
Commission, witnessed the maneuvers.

SHAH'S TROOPS DEFEATED.
Reported to Have Lost Decisive Battle
to Sultan Kahn With 800
Killed.

[ASSOCIATED PRESS NIGHT REPORT.]
ST. PETERSBURG, Sept. 1.—A special
dispatch received here from Tash-
kent says that reports from Tash-
kent that Satar Khan has inflicted a
decisive defeat on the troops of the
Shah, in which the government sol-
diers lost 800 men, killed and cap-
tured, are being confirmed.

The negotiations for a Persian state
loan to be placed in Great Britain,
France and Russia have come to
naught, as the Shah refuses European
control of the Persian Empire.

An Aid Dowry, the newly appoint-
ed Governor of Tabriz, was killed dur-
ing the engagement. His son, Mair-
Es Sultan, was immediately appointed
to succeed him. Before Mair could
collect his forces, he was attacked by
a second force by Satar Khan and in
this encounter the casualties were
heavy. The fighting is still going on.

Northern Pacific Files Answer.
HELENA (Mont.) Sept. 1.—The
Northern Pacific and subsidiary com-
panies which are defendants in a suit
recently instituted by the govern-
ment to recover immensely valuable coal
lands in this State, filed their answer
today, which, in effect, is that the
lands are not in the Northern Pacific
classification under which the tracts
were awarded. It also states that the
lands are not valuable, as indicated
in the complaint.

In a street fight at Manzanillo, Sat-
urday night, which was the outcome
of a political quarrel, Manuel Ullias,
editor of the Conservative El Vigili-
ante, was shot and killed by Manuel
Estrada, editor of the Liberal paper,
El Reporter, and also Liberal candi-
date for Congress.

ATTORNEY-GENERAL RESIGNS.
West of Oklahoma Says Gov. Haskell
Made Him Merely a
Puppet.

[BY DIRECT WIRE TO THE TIMES.]
GUTHRIE (Okla.) Sept. 1.—[Exclu-
sive Dispatch.] Atty.-Gen. West will
tender his resignation to Gov. C. N.
Haskell within the next few days, giv-
ing as his reason that there is no day
in an Attorney-General in the State of
Oklahoma.

Since the recent decision of the
supreme court which placed in the
power of the Governor, West says he
has not entirely ignored the situa-
tion and that Haskell had a vis-
er in every department of the State
besides having his own personal
interests. West says he is a
puppet to the Governor.

The Attorney-General and his
friends have been openly fight-
ing for some time. His friends
are elated over the news.

QUEEN RULES SEA FESTIVAL

Mermaid Majesty Opens the Long Beach Gaucities.

Flying Machine Race One of Today's Features.

Thousands Witness Brilliant First Pageant.

Nothing approaching the brilliance and magnificence of the coronation last night of the Queen of the Mermaids has ever been seen at Long Beach. The gorgeous ceremony was the inauguration of the Festival of the Sea, and never was a fête begun under more auspicious conditions.

Just as twilight ended and the pall of night dropped over the city, there came a flash, and in an instant there was a transformation. From Sixth and Pine streets to the Auditorium on the pier, from American avenue to Hotel Virginia and along the walk of a thousand lights, there flashed forth a myriad of twinkling incandescents of varied hues.

It was as though the city had been transformed into one of the impossible scenes from the Arabian Nights. Above the lights the fluttering pennants and flags nodded in the joyous welcome to the throngs upon the streets which, with the breaking out of the twinkling lights, awoke anew to the pleasures of the night.

With the close of the day street cars and trains came into town crowded with visitors, all eager to see the sights. Up and down the brilliantly lighted streets they strolled, stopping to buy a "red hot" or an orangeade. Then by common impulse there was one forward movement down to the pier and thence to the immense grandstand on the beach, between the roller coaster and Hotel Virginia, where they watched the gathering throng, or tried to discern through the semi-darkness what was going on on the great platform facing them, where could be seen hundreds of hurrying forms racing back and forth preparing for the reception of Her Majesty Augusta I, the Mermaid Queen.

QUEEN OF THE SEA.
The grand stand, which seats 15,000 people, was packed long before 5 o'clock, at which time a corps of buglers, Eugene Wood, Oswald Denholm, Clarence Reese, Arthur Smith and Roy Leight, playing a royal salute, and around the immense sea shell on the platform there flashed a hundred lights, and a royal salute, and a fan shell dropped, showing in repose the Mermaid Queen, Mrs. H. S. Callahan, smiling in pleased recognition of the presence of her thousands of subjects.

Out of the darkness sprang a fairy sprite, who waved her wand, the lights went out, then flashed on again, and there, in all her regal beauty, clad in a dress ablaze with sparkling jewels, was the erstwhile queen, transformed into a mortal sovereign, who bowed again and again as her loyal subjects saluted with a mighty burst of acclamation.

The buglers again sounded a call, and the Prince Consort, A. C. Malone, appeared. After the queen had been crowned, he escorted her to her throne, high up among the rocks, where she sat in regal splendor, while her subjects, including cowboys and cowgirls, young ladies clad as Columbias, and the ladies and gentlemen of her royal court, appeared before her and paid her homage.

Then the court ladies and gentlemen danced the stately minuet, a clad in costumes of olden times, the ladies in long flowered robes and the gentlemen in powdered wig and peruke and knee breeches.

Those taking part in the dance were Misses Genevieve Rosecrans, Katharine Hennrich, Hilarie H. Hennrich, Mayne Malhouse, Vera Noble, Carrie McCartney, Mary Rothrock, Francis Saneou, Flaura Saneou, Hilarie Hennrich, Mark Schilling, Cecil Schilling, Edgar Loy, W. Olen, Jack Watson, L. Harris, W. F. King, Walter Thacher, Charles Hepler, Alfred Evans, Edmund Young, Raymond Darby, Edson Martindale, Charles Doolittle and Helen Hennrich.

VARIED PROGRAMME.
Following the dance a vaudeville programme was given consisting of a black wire performance by Patsy Gold-var; Japanese dance, Miss Flora Goldsmith; acrobatic performance, Schrock brothers; Italian dance, Miss Jane Haveling and closing with a magnificent display of fireworks.

Then the Queen entered the royal barge, a sea float, which was hoisted and carried by court pages, and preceded by her court, left her shell palace and started for the auditorium, followed by hundreds of her subjects.

At the auditorium, which is one mass of pennants, flags, bunting and greenery, the Queen walked to the stage and sat in state, welcoming again her subjects.

The stage had been transformed into a subterranean throne room, hung with star fish, cut-shell rushes, variegated sea weeds and coral, and the beach was studded with a mass of brilliant lights.

Promptly at 10 o'clock the signal for the grand march was given. It was led by the Queen and the Prince Consort. Following them came the four ladies of the court and their escorts: Miss Georgia Langhorne and Mr. Robert Tichenor, Mr. and Mrs. F. King, Dr. and Mrs. F. L. Wood, Miss Pearl Goldsmith and A. B. Newland. Over 200 couples took part, and it was long after midnight when the evening's festivities ended.

TODAY'S HAPPENINGS.
The real festivities of the Festival of the Sea will begin today. The parade will start the celebration moving, and from then on there will be something happening all day long.

At 12 o'clock there will be a balloon ascension.

At 1:30 o'clock there will be a concert at Pacific Park by the municipal band.

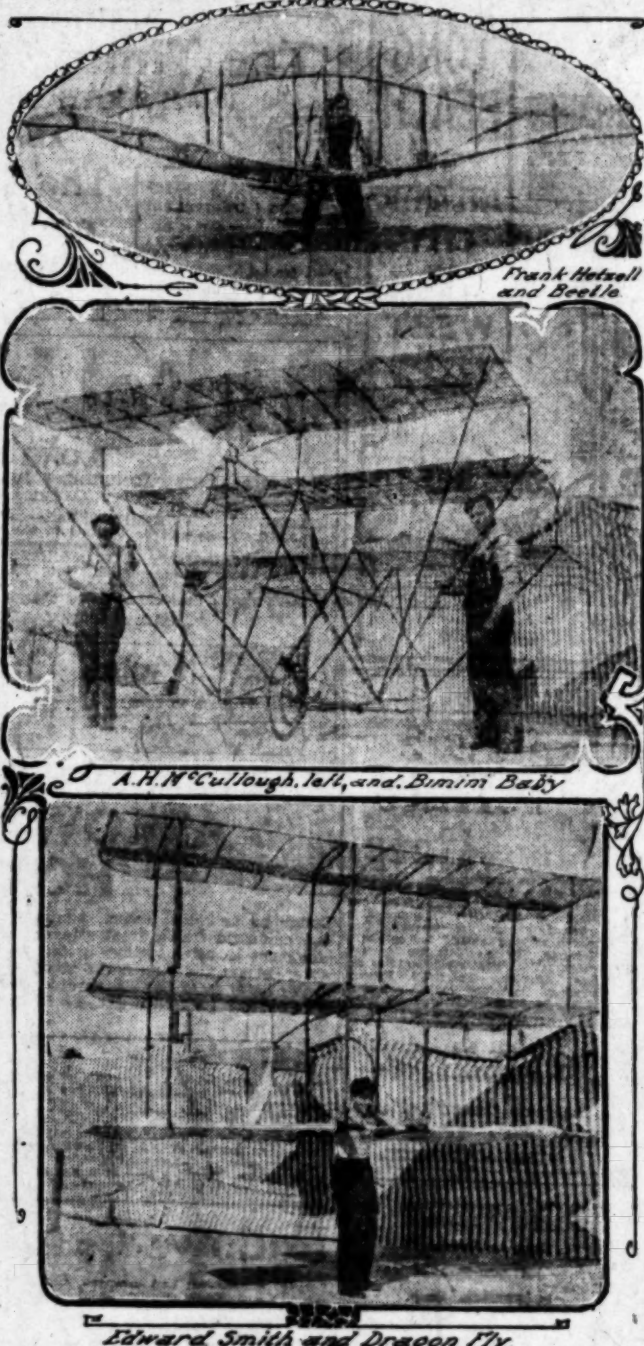

At 2:30 o'clock there will be a hand contest in the Auditorium. A cash prize of \$300 and a gold medal will be awarded to the winners.

From 2:30 until 4:30 o'clock there will be one thrill a minute. The tests of the aeroplanes will be made, there will be a horse race, a polo game, a water bicycle contest and a display of daylight fireworks.

At 4 o'clock the fire department will give an exhibition, extinguishing a fire on the bluffs overlooking the sea.

In the evening there will be a vaudeville performance at the Queen's palace. In the course of which a high diver, enveloped in flames, will make a plunge into the sea.

At 8:15 o'clock the second half of the hand contest will be held. Cash prizes aggregating \$500 and several valuable

The Three Aeroplanes Which Will Be Tested

At Long Beach today as one of the features of the Festival of the Sea, and the aeroplanes who will navigate them through the air. The aeroplanes will sail from a platform, fifty feet in height, out over the water.

medals will be distributed among the winners.

LARGEST PARADE.
At 10:30 o'clock this morning the big parade will form at Pine avenue and Sixth street. Trumpeters, grand marshal and Co. H. Seventh Infantry, N. G. C. will lead the procession.

Next in line will come the gorgeous float, bearing the queen and her court. Then will come the trade boats, the lodge floats, band, decorated vehicles, horsemen and bicycles.

The line of march will be down Pine avenue to Ocean avenue, and on to Ocean to Magnolia, north on Magnolia to Fourth, east on Fourth to Locust, north on Locust to Sixth, east on Sixth to American, south on American to Ocean, and west on Ocean avenue past Hotel Virginia, where the line will break.

The parade will be the most spectacular affair of its kind ever held in Long Beach. The floats, gay with colors and bunting, the occupants in dainty and attractive costumes, and the gayly-caparisoned horses, all will help complete the picture of a veritable carnival by the sea.

The streets will be kept clear while the parade is passing, so that there will be no delay or break in the line of march. Bands will be placed in the columns at frequent intervals, while the aids of the grand and division marshals will gallop along the line and keep things moving.

WILL TRY TO FLY.
Three interesting experiments with aeroplanes will be made in the afternoon. A platform fifty feet high has been erected on the western end of the main grand stand, and the daring aeronauts who have been chosen to navigate the three aeroplanes will attempt to fly over the water.

Three distinct types of aeroplane will be tried. The largest of the machines is the Bimini Baby, the invention of James S. Zerbe of this city. The machine is of what is known as the tri-plane type of construction, of the step formation. The pattern is an entirely new one, and today's test will be the first to which it has ever been put.

A. H. McCulloch will have charge of the navigation of the Bimini Baby. He expects that the machine will make a good flight, and believes that the experiment will help solve some of the interesting problems in aerial navigation.

The Dragon Fly will be navigated by Edward Smith. The machine is of the tri-superposed plane type, equipped with a rudder to give it the necessary poise in the air.

Frank Hettzell will exhibit his Beetle for the first time in public. He has made several very successful flights with it and expects that, under the favorable conditions at the beach, he will be able to demonstrate its adaptability to practical aerial navigation.

The exhibition will be the first one of such magnitude ever held on the Pacific Coast. Mr. Zerbe has charge of the tests.

The platform from which the aeroplanes will sail is located in plain view of the entire grand stand. The beach beyond the testing ground will be kept clear, in case the wind happens to blow from the water. It is expected, however, that the aeroplanes will drift out over the water so that the navigators will suffer nothing worse than ducking when their crafts come down.

POULTRY PRIZES.
The poultry show, which will open today as one of the features of the Festival of the Sea, will be notable for the quality of the birds shown. The blue-birders among the feathered aristocrats of Southern California will be on parade and lovers of fine poultry will have ample opportunity to gratify their whims.

That everything may be in the best shape for the reception of visitors when the show opens, the men in charge of the exhibition have worked industriously to get all of the awards and prize cards up. Last night the last prize was awarded and the list is as follows:

Partridge Wyandottes—First, second

and third prizes for cocks, hens and pullets, won by Charles Andrews of Hollywood.

Rhode Island Reds—First, second and third prizes for cocks and pullets won by W. R. Strothers of Monrovia.

CONGRESS TO AID LEPERS.

Two Recent Cases Interest Public Officials.

National Home Plan Has Been Once Defeated.

Statistics Show Many to Be Found in Country.

(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, Sept. 1.—The recent agitation in Washington over the Early leprosy case and in Arizona over the case of Mrs. Gen. Wardwell, who was similarly afflicted, will, it is believed by officials of the public health and marine hospital service, lead to a renewed effort to obtain the establishment at some place in the United States of a national leprosy hospital for the isolation and treatment of leprosy.

An effort to obtain legislation looking to this end, which was supported by many members of the medical fraternity throughout the country, was made by the Public Health and Marine Service in 1905, and a bill providing for such an institution received favorable reports in both houses of Congress. It failed of passage, largely because of objections from localities in which it was contemplated the leprosy hospital should be located.

The bill did not name any State or territory but simply provided that some abandoned military or naval reservation should be used. It was understood, however, that the authorities in New Mexico in mind as the most desirable location and the delegate from that Territory was not slow in making known the opposition of his constituents to such a plan.

If the question of legislation should again arise the Health Bureau will be prepared to supply all the statistics and arguments necessary to aid in procuring proper consideration for such a bill. The statistics, however, are not very recent, and they do not approach any nearer to the present time than 1901.

In that year a commission, composed of surgeons connected with the bureau, made a thorough investigation into the leprosy question in the United States. Finding there were then 23 cases, scattered through twenty-one States in this country. Of the States, Louisiana led the list with 15 cases, more than half the entire number. California and Florida followed with twenty-four cases.

Of all these cases, only seventy-two were isolated. The commission was clearly of the opinion that its report did not cover all the cases, and the estimate was expressed that many of them were purposely hidden.

PRO BONO PUBLICO.
G OVERNORS TO GO TO WASHINGTON.

MANY PROMISE TO BE PRESENT IN DECEMBER.

Call to Be Issued for Joint Conference of Chief Executives With National Conservation of Resources Commission to Consider Problems in Different States.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Sept. 1.—There will be Governors a-plenty in this city during the first part of December. A call will be issued this week for a conference of Governors of the States and the members of the National Conservation of Resources Commission, which President Roosevelt appointed, to be held here on Tuesday, December 8.

The first formal meeting of this commission will be held December 1, a week before its conference with the Governors. About a dozen Governors already have indicated their intention to be present. These include Hoggard of Alaska, and the Governor of Hawaii.

The conference will be along the lines of a presentation of facts and representations as to the conservation in the different States. All Governors will be urged, in the forthcoming call, to be present either in person or to send some official representative.

The national congress on rivers and harbors will meet here during the week following the Governors' conference. It was captured by a patriotic governor promised to participate in that convention.

CIRCULATION INCREASES.
GAIN OVER LAST YEAR.
(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Sept. 1.—The monthly statement of the circulation of national bank notes on August 1 shows an increase as compared with August, 1907, of \$1,283,737, and as compared with the previous month a decrease of \$4,742,282. The total circulation outstanding, August 21, 1908, was \$265,226,101.

The circulation based on United States bonds amounted to \$225,988,993, an increase for the year of \$23,041,004 and for the month of \$2,000,000. The increase in the month of \$2,000,000, 245,547, of which latter amount \$1,855,947 were State, city and railroad bonds.

ADDITIONS TO NAVY.
BUILDING DESTROYERS.
(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, Sept. 1.—Substantial additions to the navy are contemplated in proposals which were opened today for the construction of ten torpedo boat destroyers, for which Congress appropriated \$800,000 each, and for three colliers, also provided for at the last session of Congress.

Kind of the destroyers is to have a trial displacement of about 742 tons, a speed of not less than 27½ knots, and an apparatus for burning oil fuel and turbine propelling engines.

The colliers are to be of twin screw, with a speed of twelve knots, and a cargo capacity of 1200 tons of coal.

PUBLIC DEBT INCREASES.
LOSS FOR MONTH.
(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Sept. 1.—The monthly statement of the public debt shows at the close of business, August 31, 1908, the debt, less cash in the treasury, amounted to \$242,886,588, which is an increase for the month of \$3,676,785. The debt is recapitulated as follows:

Interest-bearing debt, \$207,503,990. Debt on which interest has ceased since maturity, \$3,867,625. Debt bearing no interest, \$402,405,118.

This amount, however, does not include \$1,238,179,889 in certificates and Treasury notes outstanding, which are of offset by an equal amount of cash held in the treasury for their redemption.

The cash in the treasury is classified as follows: Gold reserve fund, \$150,000,000. Total, \$1,388,179,889. Against which there are demand liabilities outstanding amounting to \$1,448,351,883, which leaves a cash balance on hand of \$138,907,943.

In Philippine treasury, \$4,455,224. Total, \$143,443,224. Against which there are demand liabilities outstanding amounting to \$1,448,351,883, which leaves a cash balance on hand of \$138,907,943.

For August the total receipts from all sources were \$134,374,372 and expenditures \$49,202,560.

statement of the circulation of national bank notes on August 1 shows an increase as compared with August, 1907, of \$1,283,737, and as compared with the previous month a decrease of \$4,742,282. The total circulation outstanding, August 21, 1908, was \$265,226,101.

ADDITIONS TO NAVY.
BUILDING DESTROYERS.
(ASSOCIATED PRESS DAY REPORT.)

WASHINGTON, Sept. 1.—Substantial additions to the navy are contemplated in proposals which were opened today for the construction of ten torpedo boat destroyers, for which Congress appropriated \$800,000 each, and for three colliers, also provided for at the last session of Congress.

Kind of the destroyers is to have a trial displacement of about 742 tons, a speed of not less than 27½ knots, and an apparatus for burning oil fuel and turbine propelling engines.

The colliers are to be of twin screw, with a speed of twelve knots, and a cargo capacity of 1200 tons of coal.

PUBLIC DEBT INCREASES.
LOSS FOR MONTH.
(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Sept. 1.—The monthly statement of the public debt shows at the close of business, August 31, 1908, the debt, less cash in the treasury, amounted to \$242,886,588, which is an increase for the month of \$3,676,785. The debt is recapitulated as follows:

Interest-bearing debt, \$207,503,990. Debt on which interest has ceased since maturity, \$3,867,625. Debt bearing no interest, \$402,405,118.

This amount, however, does not include \$1,238,179,889 in certificates and Treasury notes outstanding, which are of offset by an equal amount of cash held in the treasury for their redemption.

The cash in the treasury is classified as follows: Gold reserve fund, \$150,000,000. Total, \$1,388,179,889. Against which there are demand liabilities outstanding amounting to \$1,448,351,883, which leaves a cash balance on hand of \$138,907,943.

In Philippine treasury, \$4,455,224. Total, \$143,443,224. Against which there are demand liabilities outstanding amounting to \$1,448,351,883, which leaves a cash balance on hand of \$138,907,943.

For August the total receipts from all sources were \$134,374,372 and expenditures \$49,202,560.

GOVERNMENT STRIKES IMPROVE.
CONDITIONS IMPROVE.
(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Sept. 1.—The comparative statement of the government receipts and expenditures shows a deficit for the month of August, 1908, of \$24,809,127 against a deficit for July, 1908, of \$24,809,127. This small deficit for the month just closed is wholly due to the very large decrease in expenditures for the month of August, 1908, which was \$2,825,084 less than for July, 1908, and about \$13,000,000 less than for August, 1907.

The expenditures were \$2,335,294 less than for July, 1908, and \$4,424,291 less than for August, 1907.

As compared with the previous month of July, 1908, there was a decrease of \$2,000,000 on account of the war and \$1,172,000 on account of public works.

The receipts from customs during August, 1908, amounted to \$2,523,645, which is an increase as compared with July, 1908, of nearly \$2,000,000 and a decrease of nearly \$7,000,000 as compared with August, 1907.

The receipts from internal revenue sources, however, show a falling off of about \$2,000,000 as compared with July, 1908, and a decrease of about \$2,425,000 as compared with August, 1907. The total deficit for the two months of the present fiscal year is \$28,775,568, as against a deficit for the corresponding period in 1907 of \$7,213,000.

WASHINGTON BRIEFS.
Stealing for Five Years.

WASHINGTON, Sept. 1.—Acting Governor Barry today telegraphed Gov. Magdon in reference to the shortage in the Havana postoffice. Gen. Barry says the postoffice evidently has been going on since 1903. Ricardo Rodriguez has been charged with substituting stamps of small denominations for stamps of a larger denomination. Rodriguez is a Cuban, about 70 years old, and was formerly a postal clerk in the Philadelphia postoffice.

NEGROES PREY ON JAPANESE.
Set Fire to Cabin and Wait for the Innates to Come Out and Give up.

(BY DIRECT WIRE TO THE TIMES.)
SACRAMENTO, Sept. 1.—(Exclusive Dispatch.) Upon refusal of a number of Japanese who live in a small cabin in Yolo county, just across the Sacramento River from here, to surrender their valuables and coin, two burly negroes, Saturday night, set fire to the cabin. The negroes then entered the cabin and got the Japanese men to their hiding place. The Japanese men were then taken to the local police station and the negroes and bandaged over their valuable.

The robbery and the circumstances surrounding it were reported to all the negroes in the area. They are now being watched by the police.

Land Police Say They Have Strong Evidence.

Believe Prisoner May Make a Confession.

Attorney Threatens Habeas Corpus for Client.

ARKELL CASE SHOWS GUILT

Land Police Say They Have Strong Evidence.

Believe Prisoner May Make a Confession.

Attorney Threatens Habeas Corpus for Client.

(ASSOCIATED PRESS NIGHT REPORT.)

CLAND, Sept. 1.—The police have deleted every link in their chain of circumstantial evidence upon which they are going to formally charge George Arkell with the crime of murdering Mrs. Alice L. Decker.

A preliminary hearing in the police court will be held after the coroner's inquest next Thursday.

The first time since Arkell was taken into custody he was permitted to see his lawyer, who is now in possession of newspaper and silent film questions, he made the one announcement that beyond protesting his innocence he has nothing to say.

His attorney, H. Boyer, a lawyer who has refused access to the man, said:

"The chief persists in refusing to let me see Arkell to give him advice. I will secure writ of habeas corpus and have him brought into Superior Court and there will tell in open court that the police have evidence on which they could make a case."

Arkell remains silent. He will not speak to the police. He will not speak to the press. He will not speak to his family. He will not speak to his friends.

He will not speak to anyone. He will not speak to anyone. He will not speak to anyone. He will not speak to anyone.

KELL CASE SHOWS GUILT

Kland Police Say They
Have Strong Evidence.

Believe Prisoner May Make
a Confession.

Attorney Threatens Habeas
Corpus for Client.

ASSOCIATED PRESS NIGHT REPORT.

AKLAND, Sept. 1.—The police have completed every link in their chain of circumstantial evidence upon which they are going to formally charge Quincey Arkel with the crime of murder. Mrs. Alice L. Donohue, the preliminary hearing in the case will be held after the coroner's inquest, next Thursday. The police are confident that they will be able to secure a confession from the prisoner. For the first time since Arkel was taken into custody he was permitted this afternoon to be interviewed by a newspaper reporter. The prisoner, still remains sullen and silent. To questions, he made the one answer, that beyond protesting his innocence he has nothing to say. James H. Boyer, a lawyer, who has been refused access to the man, said tonight: "If the chief persists in refusing to let me see Arkel to give him legal advice, I will secure writ of habeas corpus and have him brought into Superior Court and there will tell him in open court that the police have evidence on which they could make a case. If Arkel remains silent they will be forced to dismiss him. I have seen statement in the papers to the effect that Mrs. Laumelle has charged Arkel with having forged her name to a check by which he withdrew her out of a bank in San Francisco. This was purchased by Arkel with his own money and the deed was prepared myself and Mrs. Laumelle was given as the grantee therein for the purpose of preventing a creditor of Arkel from attaching it. The funeral of Mrs. Donohue will be held Friday."

AND THEN WEEPS.

Lee A. Johnston Arrested in Seattle
for Blaying Woman in Alaska and
Then Returning to Spouse He Had
Just Left.

ASSOCIATED PRESS NIGHT REPORT.

SEATTLE (Wash.) Sept. 1.—Lee A. Johnston, who was arrested yesterday on the charge of murdering his wife in Nome, Alaska, and then deserting her and returning to his wife in Butte, Idaho, of whose death he is now held to be responsible. The police believe they have woven a strong chain of circumstantial evidence around Johnston. They say he broke down and wept when he would resign himself to his fate.

VICTIM HAD SMALL FORTUNE.

HUSBAND FOILED.

ASSOCIATED PRESS DAY REPORT.

BUTTE (Mont.) Sept. 1.—Belle Gilchrist, the victim of the Nome murder, was a resident of this city up to three years ago, where she was the well-known matron of the mess of the engineers, foremen and bosses of the Anaconda Mining Company. She was about 50 years of age and possessed a small fortune, which was all in personal property. A considerable portion of the money was in the hands of a book-keeper of this city, L. E. Gilchrist, who was prominent in church circles during her residence here. Shortly after her marriage to Johnston, the mine of prospecting appearance, they left for Alaska. The last letter Smith received in Mrs. Johnston's own handwriting was about eighteen months ago. Since then two letters came, asking for money in lots of \$500 or \$600, in which case it was explained that Mrs. Johnston had broken her arm and was dictating the letter to her husband. The money was sent and the drafts came back endorsed in the handwriting of her husband. About three months ago Johnston came here and demanded an accounting of the money belonging to Mrs. Johnston. Mr. Smith's suspicions were by this time aroused and he began talking about taking action without papers better than those of power of attorney. Johnston flew into a rage and threatened Smith, but the latter told him he would have nothing further to do with him, and Johnston, desisted from further attempts to get money and was not seen again. Smith then communicated with Ross Neagel, general passenger agent of the Oregon Railway and Navigation Company in Seattle, who investigated and found that Johnston was living with a woman other than Belle Gilchrist, who represented herself as Johnston's wife. The officers were then notified and Johnston's arrest followed.

NEGROES PREY ON JAPANESE.

ASSOCIATED PRESS NIGHT REPORT.

Louis Ward and Howard Spindler, bellboys at the Hotel Leighton, were arrested last night on the charge of grand larceny. When they were accused by detectives of entering the room of Mrs. Carrie L. Mouton, a guest at the hotel, and stealing a watch valued at \$75, they confessed. The watch, which they had pawned, was recovered. According to their story, Ward discovered the watch lying on the dresser when he entered Mrs. Mouton's room to return a package of laundry. He told Spindler about it and they tossed up a coin to see which one would steal it. Ward lost and while Spindler stood watch he snatched the watch from the room again. Spindler then went to a pawnshop on Main street and then divided the money with Ward. As soon as Mrs. Mouton returned to her room she missed her watch and reported it to the police.

DR. ABBO NERVOUS WRECK.

San Jose Physician in Jail for Causing
Girl's Death Pleads for
Whiskey.

ASSOCIATED PRESS DAY REPORT.

SAN JOSE, Sept. 1.—There are no new developments today in the case of Dr. Prosper Abbo, who is in the city prison on a charge of having caused the death of Miss Hattie Hatch of Morgan Hill, by a criminal operation. The inquest will be held Thursday morning, at which the full details of the alleged crime will be elicited. Abbo is a nervous wreck, and in his cell last night he pleaded with a newspaper reporter to get him a bottle of whiskey. Undertaker Woodrow, who commended the body, stated after having been notified by the deputy coroner that an investigation would be held, states that as the death certificate and burial permit were regular, he saw no reason why he should await the action of the coroner or the District Attorney's office.

TRAIN SAVED FROM WRECK.

TIES ON TRACK.

ASSOCIATED PRESS DAY REPORT.

NEW YORK, Sept. 1.—Detectives in the employ of the New York Central Railroad investigated today what they suspect was an attempt to wreck the Chicago express in a cut at Hyde Park, near Poughkeepsie, last night. A milk train which entered the cut just before the express was due, ran into a pile of ties that blocked both tracks and the locomotive threw them from its pathway. Around the curve, less than a mile down the track, the rumbling approach of the Chicago express could be heard. The train running at top speed in an effort to make up twelve minutes' lost time. Trainmen swung the ties to one side and when the headlight of the express flashed on the cut the way was clear and the train dashed by unharmed.

COMMITTS SUICIDE IN PARK.

SCORE LOOK 'ON.

ASSOCIATED PRESS DAY REPORT.

SAN FRANCISCO, Sept. 1.—While more than a score of people looked on, some of them guests in the fashionable Jefferson Hotel, Aclen C. Valkevich, a resident of the Greek colony, walked into Jefferson Square Park, this morning, fired one shot in the air and another in the ground, and then sent a bullet crashing through his head. He died a couple of minutes later as he was being placed on the operating table at the Central Emergency Hospital, but a half block away. As Valkevich walked into the park he remarked to Joseph Green, an ex-convict on one of the benches, "How does it look? I might as well do it now." adding as he drew a revolver from his pocket, "if you don't want some of this yourself, you better get out."

SEEKING DYNAMITER.

CIRCULARS MAILED.

ASSOCIATED PRESS DAY REPORT.

OAKLAND, Sept. 1.—Sheriff Barnett this morning sent broadcast throughout the county a circular calling for the arrest of Felix Padavaris on the charge of being implicated in the dynamiting of James L. Gallagher's home in Oakland. No reward is attached to the request. There have been many thousands of the circulars mailed and many of them to Europe. Later the Alameda county authorities may add to the \$10,000 rewards already in vogue. John and Peter Claudianos will be formally arraigned before Judge Frank H. Ogden tomorrow morning on the charge of dynamiting the Gallagher home.

IN FAVOR OF

ANNEXATION.

But Wilmington Citizens Ask
for More Light.

First in Series of Meetings at
Harbor Town.

Discuss Consolidation With
Los Angeles.

That the majority of Wilmington
citizens desire its annexation to Los
Angeles was evidenced at last night's
meeting in the City Hall of the
harbor town. There were numerous
speeches in favor of the project,
but most of the speakers struck a
popular chord, when they said that
residents of Wilmington naturally desired
to "be shown" what advantages
Los Angeles had to offer, if she spread her
mantle over all the territory adjacent
to the inner harbor.

This question was ably answered by
A. P. Fleming, secretary of the Har-
bor Commission, and others. Sec-
retary Fleming stated that he did not
speak authoritatively for the munic-
ipality, but that he advanced reasons
that appealed strongest to him.

"That is all very well," interrupted
George O'Brien, "a witty Irishman."
"I am not opposing annexation—un-
der proper conditions—but before we
take any definite action, I want the
Mayor and the City Council to make
the invitation official."

Chairman F. M. Cary, a well-known
banker of Wilmington, explained that
the meeting was not a final one; that
it was merely for the purpose of get-
ting the citizens together to talk over
the question of the harbor town.

There seemed to be an undercurrent
of uneasiness, lest a "nigger in the
woodpile" be concealed behind the
movement. Some of these present
thought they saw signs of corporate
influence lack of the annexation
movement, and others naively re-
marked that it would not do to seem
too eager for the union with Los
Angeles.

TALK INFORMALLY.

The meeting was called to order by
Mr. Cary, who is an ardent supporter
of the annexation project. "We are
here to talk over informally the advan-
tages of consolidation with Los An-
geles," he stated. "There are doubtless
many conflicting opinions. I want to
hear from every one interested."

O'Brien, who had proved the terror
of the previous night's Council meeting,
at once jumped to his feet. "I want
to know first of all, who called this
meeting," he shouted. "Is this a mass
meeting, or is it a move to make us
take the case whether we want it or
not?"

Chairman Cary assured the inquirer
that the meeting was called in the in-
terest of Wilmington and that there
was no railroad or other bogie-man,
concealed in the wings of the little
auditorium.

When somebody proposed to limit
the speakers to two rounds, Andrew
Young, a supposed anti, shouted that
such would be gag rule for one of
them would not submit to it. However,
the audience, versed by previous expe-
riences of long-winded speakers occu-
pying the floor all the evening, hastily
adopted the suggestion.

As an interlude to the business to the
evening, City Attorney Frank D. Mc-
Clure gave an interesting account of
his experiences at Washington, in
pushing the matter of the adoption of
harbor lines. He told of his frequent
calls upon the Secretary of War and
Gen. Marshall, chief of the Corps of
Engineers, U.S.A., and explained the

SHUT-OUT GAME
BY BRISWALTERKid Pitcher Holds Down the
Slugging Beavers.Groom Twirls Well, but Has
Wretched Support.Angels Are Given Credit for
Good Teamwork.

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND (Or.) Sept. 1.—[Exclusive Dispatch.] Portland could do nothing with Briswalter's batters today and lost to Los Angeles 5 to 3. Groom pitched a good game for Portland, allowing the southerners only six hits, and with good support and a little hitting, might have won.

Portland got only five singles off Briswalter, one of them being a scratch hit. Cooney at first for Portland seemed to have better on his glove and held the fans in suspense throughout the game.

Los Angeles got three runs in the third on Johnson's error in handling Easterly's grounder. Cooney's miss of Groom's throw to second on Briswalter's bunt—Bernard's sacrifice moving both men up—and Oakes's double, Dillon's long fly and Brashear's scratch single.

None of the runs can be said to be due to Groom's pitching, as Johnson and Cooney both made errors in this inning, which counted later for runs for the southerners. Johnson's miss of Easterly's grounder was excusable, as the drive was a hot one, but Cooney's drop of Groom's throw to catch the runner at third was awful. Such plays are enough to take the heart out of a pitcher and it is no wonder that Oakes followed with a two-bagger.

In the fourth another run was added on a base on balls. Groom's balk advancing the runner to second, a sacrifice sending him to third, and another bunt pretty placed so that he could score. This was good baseball by the southerners and it is teamwork like this that has put them at the head.

Portland did not get a man to third throughout the game, and in no inning could they get more than one hit off Briswalter. Ryan was the leading batsman of the Beavers, getting two singles on his first two chances at bat. Raftery drove a pretty single to right, but it went for nothing, as he was out trying to stretch it to a double.

In the ninth, with two men out, Ote Johnson knocked a two-homer, but Oakes ran back and managed to pull it down.

Los Angeles gave Briswalter perfect support and played the game in a businesslike way from start to finish. Contact with such a team may brace Portland up and even though they lost they showed a little more in the game today than in the Oakland series.

The score:

Base on balls—Ote Johnson, 1.
Two-base hit—Oakes.
Sacrifice hit—Bernard, Dillon, Brashear, Wheeler.
Ball—Groom.
Time of game—1h. 25m.
Umpire—Fertine.

FOUR HOME RUNS.
SEALS CHOP DOWN OAKS.
[BY DIRECT WIRE TO THE TIMES.]
SAN FRANCISCO, Sept. 1.—[Exclusive Dispatch.] The meeting of the Oaks and the Seals at Freeman's Park this afternoon was a sad affair for Van Halten's aggregation. Oakland evidently needed an entire new pitching staff, for the trio—Hardy, Nelson and Hogan—made a poor showing against Danny Long's players, the score board showing twelve tallies to Oakland's two.

The Seals took the lead in the first inning with five runs, all due to the generosity of Pitcher Hardy, who allowed two hits and threw the ball all over the field. Every one on the local team swatted the ball yesterday with the exception of Beck, who was unable to break into the hit column, while Berry, Henley and Melchior all banged the ball over the fence for a home run. Heilmuller sent the ball over the fence, also, but the efforts of the Oaks did not extend past this inning.

Right off the batting list the Seals started the scoring. With the first offering by Hardy, Curtis singled, Hildebrand sacrificed and through successive wild throwing of Hardy, both Hildebrand and Melchior, who also sacrificed, reached first. Wheeler then sacrificed and Curtis and Hildebrand were squeezed home. Melchior followed on Berry's hit over the fence. Williams tallied.

The Oaks only runs came shortly after. Van Halten connecting for two and coming home on Heilmuller's homer.

Charles Anslinger.

who is to fight Frank Picato before the Pacific Athletic Club Friday night.

BIG LEAGUE.
SCRAPPING FOR
BASEBALL LEAD.

NEW YORK TAKES BEANEATERS
INTO GIANT CAMP.

Pittsburgh Regains Second Place by
Winning from Cincinnati, but Chicago
Loses to St. Louis and Drops
Into Third—Great Fight for the
Championship.

ASSOCIATED PRESS NIGHT REPORT.
BOSTON, Sept. 1.—The New York Nationals won both games from Boston, the first, 4 to 1, and the second, 8 to 6, and thereby tightened their hold on first place. New York scored four runs.

Two left-handers opposed each other in the first game, Wilts for New York and Tuckey for the locals. Both pitched well and Wilts's head work in the visitors' line-up to save the seventh and sacrifice in the ninth scored three runs.

The second game was a one-sided affair from the start. Fenton, who opposed Mathewson, getting him into a hole in the first inning by his wildness and on errors by Dahlen and Sweeney, and New York scored four runs.

Ferguson pitched the last inning, and three bases on balls and two singles gave the visitors four more tallies. Mathewson was in splendid form and was only relieved by Taylor in the ninth when the game looked safe for New York. Other changes were made in the visitors' line-up to save their star players. The crowd was the largest seen at the National League grounds this year. Score: first game, New York, 4; hits, 10; errors, 1; Boston, 1; hits, 5; errors, 1. Batteries—Wilts and Sweeney; Tuckey, Dornier and Smith. Umpires—Klem and Johnston.

SECOND GAME.
New York, 8; hits, 8; errors, 0. Boston, 6; hits, 8; errors, 4. Batteries—Mathewson, Taylor and Ferguson; Flaherty, Ferguson and Graham.

FIGHT FOR FIRST.
CHICAGO DROPS TO THIRD.
[ASSOCIATED PRESS NIGHT REPORT.]
NEW YORK, Sept. 1.—Baseball interest was again at white heat yesterday, with three clubs fighting for the National League leadership in action, and two of them playing doubleheaders.

With less than a game separating first and third places, a decided shake-up was easily possible. As it was, the Chicago Cubs, who had been second since the fall of Cincinnati, gained the second place.

New York's two victories over Boston slightly lengthened the lead of the former club.

PIRATES TROUCE REDS.
[ASSOCIATED PRESS NIGHT REPORT.]
CINCINNATI, Sept. 1.—Pittsburgh won both games today through superior hitting, aided by the loose fielding of the locals. Score, first game: Cincinnati, 2; hits, 8; errors, 2. Pittsburgh, 10; hits, 12; errors, 1. Batteries—Voll, Coakley and McClellan; Maddox and Gibson.

Second game:
Cincinnati, 2; hits, 9; errors, 2. Pittsburgh, 9; hits, 18; errors, 0. Batteries—Campbell and Schlie; Lee and Gibson.

CUBS ARE ROUTED.
[ASSOCIATED PRESS NIGHT REPORT.]
CHICAGO, Sept. 1.—The locals dropped down into third place today,

several hours had held the championship of Hawaii.
The victorious ball players were met on their arrival here by a committee from the Olympic Club, where they were entertained at a dinner tonight.

GAME AT CHUTES.
ALL-STARS TO PLAY SATURDAY.
The Chutes Park baseball team is to play an aggregation of All-Stars Saturday, in a contest to be the first baseman Bob Lyons, who had a finger broken several weeks ago. Man for man the All-Stars line up better than the Chutes team and might be able to win. The line-ups will be:

All-Stars:
Pratt, catcher
Willer and Haight pitcher
Countess, first base
McKnight, second base
Gres, shortstop
Allen, third base
Knobles, left field
Haight & Willer center field
Stuart, right field
Umpire—Jim Lloyd.

Tennis at Glendale.
The Glendale Country Club will conduct a tennis match between teams representing that club and the Hollywood Country Club Saturday, and the winner will receive a trophy. The match will be played in honor of the visiting team in the evening. The match will be the second in a series between the two clubs.

Lasker Again Wins.
MUNICH, Sept. 1.—[Exclusive Dispatch.] Dr. Emanuel Lasker today won the fifth game in his match against Dr. Tarrasch of Nuremberg for the world championship of the world, in thirty-eight games. The game lasted five hours. Dr. Lasker has now won four games and Dr. Tarrasch one.

Professional Golf.
NEW YORK, Sept. 1.—Gill Nichols of the Tadesco Golf Club won the professional tournament at the Country Club and Country Club today with a low score of 294. He made the final round of eight holes in 68, breaking his own record of 69, made on these links last year.

MUCH SPECULATION.
STANFORD DEEDENING
ON FRESH MATERIAL.

STANFORD UNIVERSITY, AUG. 31.—When Coach Presley issues the call for football training on September 7, there will probably be many new players in the line-up on the field than at any previous time notwithstanding the fact that there are so many old men who either did not return to college this semester or were sent to the military service. The large number of aspirants for places on the different teams is due rather to the fact that every one is impressed by the fact that the loss of so many star players will seriously cripple the chances of the Cardinal on the gridiron this fall, and that every available player will be needed to assist in turning a Stanford victory.

SANTA CLARA TEAM.
CHAMPION OF HAWAII.
[ASSOCIATED PRESS NIGHT REPORT.]
SAN FRANCISCO, Sept. 1.—On the steamer Alameda, arriving today from Honolulu, was the Santa Clara College baseball team, which, in a series of brilliant games played in the last several days, won the championship of the Hawaiian Islands.

Only once during their stay on the islands were the California players defeated, and that was soon after their arrival. The team, which had become accustomed to their new surroundings. After winning from the crack Hawaiian club, the Santa Clara nine took the pennant from the Japanese university team which for

AT SACRAMENTO.

AT STATE FAIR.

John R. Conway Wins Main
Event from Delilah.

Six Heats Required to Bring
Home the Money.

Nogi Takes Three Straight
Heats in the Trot.

ASSOCIATED PRESS NIGHT REPORT.
SACRAMENTO, Sept. 1.—Two program races and an event for amateur drivers made up the third day of harness attractions at the State Fair meeting today.

Speed 110. George Mease's consistent stallion, won the feature, the 2:05 pace, for a purse of \$1000, in six heats. The race was the most sensational seen in California this season, every heat bringing a close finish.

Delilah ran a good game race, but Conway possessed superior endurance, and after winning one out of four heats, went on and took the two final contests. The time throughout was consistent, hovering around the 2:09 mark.

Nogi, owned by Marlow & Walton, took the second race, a trotting event, in straight heats. Summaries:
The 2:05 pace, purse \$1000, best three in five:

John R. Conway (Chadbourne).....2 1 2 1 1
Delilah (Rutherford).....3 1 1 2 2
Magaldi (Ward).....1 2 3 3 3
Miss Idaho (Walton).....3 4 drawn.
Time, 2:09½; 2:08½; 2:09; 2:09½; 2:10½.

The 2:17 class, trotting, purse \$200, best three in five:
Nogi (Walton).....1 1 1 1 1
Valley Girl (Dawson).....4 2 2 2 2
Wilmar (Quinn).....6 3 3 3 3
Alameda (Ted Hayes).....2 4 4 4 4
Ester (Belle).....5 5 5 5 5
Della Derby (Whitehead).....5 5 5 5 5
Time, 2:17; 2:14½; 2:14½.

Time, 2:19; 2:14½; 2:19; 2:17½; 2:17½.
The 2:19 trot, purse \$1000, three in five:
Herta Mac (Hillman).....1 1 1 1 1
Ramshorn (Rutherford).....2 2 2 2 2

Topsy (Empe).....2 2 2
Rinrose (Howman).....3 3 3
Time, 2:11½; 2:15½; 2:15½.

Special racing, three in five:
Mac O. D. (Ponder).....1 1 1 1 1
Silver Dick (B. Walker).....2 2 2 2 2
Moy (T. Hayes).....3 3 3 3 3
Time, 2:19; 2:15½; 2:19; 2:17½.

MINNEAPOLIS RACES.
FAST TIME IN THE PACE.
MINNEAPOLIS (Minn.) Sept. 1.—[Exclusive Dispatch.] Three races were on the card at the State Fair today. Jerry R. walked off with the 2:15 pace, the feature, in straight heats, for which the favorite duplicated the feat in the 2:25 pace. In the 2:15 trot, a three-heat event, with each heat a race, Robert L. won the first heat, was beaten by Horace G. in the second, but came back again in the third and again took the money.

"The 2:15 pace looked like a race before the start, for with Jerry R. in the lead, the favorite, there was plenty of speed at the gateway. Jerry R., however, stepped away from the first position in the first heat and was not again in the lead. He drove him to the wire in the race."

HIGH SCORE BY GUARDS.
Capt. Nagel Registers Many Buylines
in Napa Practice for State
Deposition.

The commission and non-commissioned officers of Companies H and L, Second Regiment, N.G.C., attended target practice at Napa on Sunday to score the semi-final competition for the State decoration. Although a high wind was blowing, high scores were made, the commanding officer, Capt. J. C. Nagel, taking the lead with 123 out of a possible 150.

The ranges used were 300, 300 and 500 yards, with ten shots for a possible 50 at each. At these distances Capt. Nagel scored 42, 44 and 47. He was closely followed by Lieut. W. H. Malt and Lieut. A. V. Collett, with 122 each, while Sergt. W. Mitchell intervened with 125.

According to the official forecast the season's rice crop in Japan will be 13 per cent. above the average.

EVASION OF THE LAW.
HOW BOOKMAKERS MADE BETS.
[ASSOCIATED PRESS NIGHT REPORT.]
SARATOGA (N. Y.) Sept. 1.—The method by which betting on the races is alleged to have been done during the meeting on the Saratoga track was described today in the hearing of the charges against Sheriff John R. Bradley, Jr. The evidence was taken by George W. Schurman, a commissioner appointed by Gov. Hughes. The hearing was begun at Ballston yesterday.

Robert H. Scott of Brooklyn, the first witness called for the complaining today, testified that before each race at the track, twenty-five or thirty groups of ten to twenty men were scattered on the course, in the center of each group, the witness said, was a bookmaker who quoted odds and received bets on the horses entered in the race, but took no money. The bookmakers' clerk recorded the bet on a programme.

Sheephead Bay Races.
SHEPHEAD BAY, Sept. 1.—Results:
Mile: Woodcraft won, Besom second, Zienap third; time, 1:33-3-5.
Six furlongs: Ethereal won, Harrison second, Lady Selina third; time, 1:13-2-5.
Six and a half furlongs: Spooner won, Restigouche second, Big Chief third; time, 1:18-2-5.
Mile and a half: Miss Lida won, Milford second, Animus third; time, 2:35.
Five and a half furlongs: Sun Dance won, Summer Night second, Twilight Queen third; time, 1:06-4-4.

Racing at Butte.
BUTTE (Mont.) Sept. 1.—Today's results:
Five furlongs: Jim Yanna won, Moore second, Jotter third; time, 1:02¾.
Four furlongs: Rene Revel won, Rose Dale second, Inspector Bira third; time, 0:48.
Five furlongs: The Mouser won, Runum second, Monsemlie third; time, 1:02.
Four furlongs: False Nun won, Beaumont second, Nebraska Lass third; time, 0:48.
Five furlongs: Billy Mayham won, Lord Nelson second, Charlie Doherty third; time, 1:00.
Six furlongs: Jillette won, Cascade of Diamonds second, Rene W. third; time, 1:14.
Mile: St. Pearl won, Red Era second, Spoidoclad third; time, 1:43½.

Dates at Lexington.
LEXINGTON (Ky.) Sept. 1.—The State Racing Commission was called together today to allot dates for racing here, for which the high scores were asked. The matter of the fall meetings at Louisville and Latonia will be set at a conference in New York Wednesday between Max Winn, Louis Cella and others. No bookmakers will be allowed at the meeting here.

Deposition.
The commission and non-commissioned officers of Companies H and L, Second Regiment, N.G.C., attended target practice at Napa on Sunday to score the semi-final competition for the State decoration. Although a high wind was blowing, high scores were made, the commanding officer, Capt. J. C. Nagel, taking the lead with 123 out of a possible 150.

The ranges used were 300, 300 and 500 yards, with ten shots for a possible 50 at each. At these distances Capt. Nagel scored 42, 44 and 47. He was closely followed by Lieut. W. H. Malt and Lieut. A. V. Collett, with 122 each, while Sergt. W. Mitchell intervened with 125.

According to the official forecast the season's rice crop in Japan will be 13 per cent. above the average.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

A. Q. St. George asked the Police Board and the Mayor for the name of a patrolman, who he says, abused him, but he was not answered, either at yesterday's session.

L. P. Lowe yesterday filed a suit in the Superior Court against the People's Gas and Coke Company and others, asking that a receiver be appointed for the concern.

Mrs. Anna Etta May's cross-examination in her suit for divorce was concluded yesterday.

Judge James yesterday granted Mrs. Carlota Belcher a divorce from Samuel Belcher on grounds of cruelty, while Judge Bordwell heard evidence in the divorce suit of Mrs. Anna R. Scofield against the People's Gas and Coke Company.

AT THE CITY HALL.

BOARD SILENT TO ST. GEORGE.

LETTERS TO CHIEF KERN SEEM TO REACH BLIND EYES.

Hunting Since May for Name of Patrolman, Who, He Says, Abused Him in Police Station—Contracts Awarded for Uniforms for the Police.

After writing five letters without succeeding in getting an answer from Chief of Police Kern, A. Q. St. George wrote to the Police Commission complaining of the treatment he had received at police headquarters. This letter was referred to Commissioner Woodell, as a committee of one, who made no answer, because, he told St. George yesterday, he considered him too big a crank.

St. George appeared before the Police Board yesterday seeking to obtain information he wants. He said last May he was at the police station, because of some trivial thing, and was treated discourteously by a patrolman. He has since been trying to learn the patrolman's name that he might prefer charges.

"One letter," said St. George, "I took to Chief Kern himself, sitting at his desk, and he said he would look into it. Getting no answer, I sent another letter by registered mail and have the receipt in my pocket. In all I wrote five letters after May 13. Once I got a reply from Mr. Kern that he would show me such letter as my first and I sent him a copy of it, but still no answer. Then I sent a letter to the commission and met the same result. Now I am here to see if I cannot get the information I seek from the board and the Mayor."

Members questioned him as to what charges he wanted to prefer. But St. George would only ask that his communications be answered and the patrolman identified, as he had described him, and then he would file his charges. When he asked Commissioner Woodell why he had not reported, Mr. Woodell said he thought St. George too much of a crank. The board adjourned without making any answer.

St. George was back of charges against Policeman Carr several weeks ago because he was shoved over a bicycle at the Hamburger store but the charges were dismissed by the board. The police and members of the board say he is a "disturber" and "crank" and that his contentions have no merit. They also say the abuse he alleges was "kidding" the police gave him at No. 365 Normandie avenue, and is a property owner.

The Police Board, on recommendation of the Chief, yesterday awarded the contract, or contracts, for police uniforms to the Globe Tailoring Company, Golden and Kleppner. The prices range from \$2.50 to \$7.50. Bids were asked with a view of awarding the contract to the lowest bidder. After the bids were opened they were referred to Chief Kern, who invited the examination of the cloth samples. This examination resulted in the choice of samples in the order named. The award of the contract to three competitors was a surprise as it was supposed the lowest would get it. As it is members of the force may patronize any of the three.

R. R. Robinson, a patrolman, resigned, having gone into business in Montana.

MISS WHALEN WINS.

CHARGES AGAINST DAVIDGE.

Three seveering-looking members of the Civil Service Commission were routed yesterday afternoon when Miss Margaret Whalen, a stenographer in the water office, asked to request the privilege of taking a separate mathematical examination for the position of construction clerk. Miss Whalen, last Friday she inadvertently missed the mathematical portion of the examination. Miss Whalen made it clear that she did not intend to take the examination. In the face of President Edelman's warning that the commission had a stern preference against granting such requests, Milton E. Young moved that Miss Whalen be permitted to receive special examination. The motion unanimously carried and Miss Whalen was to be examined this morning.

The commission also heard and took under advisement the charge of insubordination against Thomas Davidge, a gardener at Eastlake Park. Davidge has worked for the city since 1923. A man he owed money complained to the park board, which cited Davidge to appear. Instead, Davidge cut across lots and paid the debt, exhibiting the receipt to Clerk Mullaly. (But he did not appear before the park board and that body ordered him suspended and charges preferred before the Civil Service Commission for insubordination. Davidge has not been under confinement before in his long record. The board took the charges under advisement.

Irrigation Delegates. The Mayor has appointed nine delegates to the National Irrigation Congress which will meet at Albuquerque, N. M., September 23 to October 3. All those named will attend the Congress, and will caucus before leaving on the subjects of interest to Southern California. Those named are J. J. Gosper, former Governor of New Mexico; W. H. Rupp, F. L. Hanna, P. M. Bond, J. W. Eddy, Dr. W. A. Lamb and Rev. E. J. Harper. The Governor has named the Mayor, Willoughby Rodman as one of the two delegates at large from California.

LOT OF MONEY ON HIM. Fritz Gobel, charged with having taken several thousand dollars from a young woman of Los Angeles, was locked up in the City Jail last night, having been brought from San Francisco, on the prisoner was found \$100, which will be held as evidence.

OFF WITHOUT TRIAL. F. Castillo, charged by the government with selling liquor to Indians, was discharged from custody yesterday in the United States District Court, without the formality of a trial.

force is his inability to leave liquor alone. Judge Bordwell continued the trial until September 14, for further testimony.

COURTHOUSE NOTES.

ACCOUNTING. Mrs. Frances E. Trumbower yesterday filed in the Superior Court a suit against W. P. Trumbower and others for an accounting of alleged community property belonging to her and Trumbower. The plaintiff asserts that in November, 1926, Trumbower secured a default divorce from her on grounds of desertion, but that no provision for a property settlement was made at that time. She asserts that various lots in Los Angeles, Sawtelle and Pasadena, changing in the name of her former husband, are community property, as well as various parcels of personal property, of all of which she asks the court to give her half.

APPEAL. J. P. Edgescombe yesterday filed in the Superior Court his appeal from a judgment for \$292 secured against him in the Justice Court of Los Nietos township by Thomas S. Dunn, who charged that a building belonging to Edgescombe had killed 400 of Dunn's Belgian hares.

Some Facts About New Furniture Styles

A GROWING demand for plain, practical furniture has been met by the manufacturer in new season productions.

Craftsman, Colonial and Sheraton, owing to their quaint, attractive lines, and peculiar fitness for Western use, will be more popular than ever.

The Craftsman idea is best shown in fumed oak (fumed referring to a chemical treatment of the wood,) in the rich brown shades, upholstered in Spanish leather to harmonize. Wrought iron and copper trimmings afford the best treatment for this style.

Colonial and Sheraton in the dull finish mahogany is best suited to dining and bedroom use, although Circassian walnut will be considerably used in the bedroom.

Wood trimmings and plain mirrors are preferable in all the better grades of furniture.

These styles of furniture call for a distinctive character in floor and wall coverings. Wilton and Body Brussels continue to be favorites in the best homes. There is a tendency toward Oriental patterns in the dark rich shades. Large floral effects are rarely used, although small floral designs are very popular for the bedroom.

Icotan, the new rush furniture, is essentially suitable for bedroom, living room or porch.

MINES AND MINING.
MINING STOCKS AS COLLATERAL.
Local Bank Will Institute a Broader Policy.
Standards to Command Fair Proportion of Market.

Innovation Is Important to Mining Industry.

An Important innovation, and one that will tend to advance this city's position as a mining center in no small degree, will shortly be made by the American National Bank, which, after upon the account of Director M. J. Monnette, will recognize the legitimacy of standard mining stocks in the hands of customers as collateral.

The announcement was made by Mr. Monnette, at a meeting of the directors of the Los Angeles-Nevada Stock Exchange on Tuesday. As is generally known, Mr. Monnette made a large fortune from the Hayes-Monnette diamond mine in the Flamingo some two years ago, and soon afterward removed to this city. He has invested his capital in commercial enterprises here and acquired a large interest in the capital stock of the city. The matter is one of vast importance to brokers, who have been seriously hampered in the past by a disinclination of banks to accept their paper as collateral. In handling a large business, say with San Francisco, brokers frequently have many thousands of dollars in transit, and, under the former regime, it was impossible to arrange for the necessary credit. In dealing with New York, Philadelphia and other eastern points, the disinclination was even more keenly felt, with the result that those working upon a small capital were frequently compelled to refuse business.

It is believed that the lead of the American National will be followed by other banks in the city, and that within the near future, the leading securities will be recognized as collateral for a reasonable amount. It must not be inferred, however, that any kind of security is being accepted. Great care will be taken in keeping abreast of mining developments, but, as all such loans will be on call, there will be little risk. It is expected that such securities as Goldfield Consolidated, Florence, Daisy, Combination, Franchise, Belmont, Nevada Hills, Pittsburg Silver Peak and some few others will command up to 40 per cent. of the fully paid-up stock, as shown by the exchange proceeds in Los Angeles, New York and San Francisco.

It has been charged by reputable brokers that banks of this city are disinclined to handle their business, and that they are not in the habit of accepting checks in settlement of drafts coming through other banks with stock as collateral. He says that the bank was compelled to obtain cashier's certification of his check or deliver the gold before the presenting bank would cash it. He says that some of the principal banks of the city, while confirming these statements, also admitted that they were not in the habit of accepting such checks. He says that the extreme importance of the mining industry to the future of Los Angeles, in one of the leading institutions of the city, was placed before the Finance Committee last week, and it is probable that the movement will result in a more liberal recognition of the legitimacy of the standard stocks.

Parker Prospecting.
A prominent Arizona mining man, who is acquainted with every copper camp in the Territory, and who has just returned from a first trip of inspection to mines in the vicinity of the most promising fields in the country and that the whole of the business which must originate there can be captured by the Los Angeles mine, and that the expense of obtaining the mine is not more than one night's ride from this city. On the east side of the river the railroad is in operation from Wickburg and the bridge across the Colorado River is very near completion. The center of the district is 100 miles south of Needles. He says that there is an almost unlimited wealth of heavy ore—copper and iron—and that the exploitation of the Flamingo mine will make a "lead-pipe cinch." He says that the copper deposits are enormous and that there are literally mountains of the purest specular and hematite iron. On the California side there is also a great deal of gold scattered through the veins in such quantities as to make development very attractive. Speaking of the off-suggested smelter for Los Angeles, he says that it is a thing and piles one is not in operation now. There is absolutely no doubt of the fact that the Flamingo mine is able to supply material in unlimited quantities and he says that Alaska coal of the finest quality can be laid down very cheaply and better known from the Controller Ray fields, also in figures. He has covered the northern coal fields very thoroughly, and says that the product is excellent.

Orange Blossom Blooms.
The district in the vicinity of Bagdad, Cal., where the Orange Blossom Extension company expects to start reduction plants, is beginning to attract the general attention of mining men and it is expected that there will be a sharp movement in that direction this winter. The Orange Blossom is operating its mill to advantage, while the Extension company expects to start up within the next two weeks. Another property, financed in Los Angeles, known as the Orange Blossom Extension, has recently made arrangements for extensive exploration. The ground has an excellent showing and contains an extension of the vein system of the older and better-known mines. Three miles from the Orange Blossom the Lady Lu has been quietly developing for two years while the War Eagle, Lead Mountain and the Ponda to mention a few, are being developed to resume operations shortly. The district is located in the Santa Ana Mountains, Cal., stations on the Santa Fe and 224 miles, respectively, east of Los Angeles. In San Bernardino County, in the heart of the Mojave Desert, the Orange Blossom does its plant, while the Extension company is a plant, a distance of eighteen miles with Santa Fe. The Extension company is, operated daily by the Orange Blossom company.

Last Week at Goldfield.

MINES AND MINING. MINING STOCKS AS COLLATERAL.

Local Bank Will Institute a
Broader Policy.

Standards to Command Fair
Proportion of Market.

Innovation Is Important to
Mining Industry.

An Important innovation, and one
that will tend to advance this city's
position as a mining center in no small
degree, will shortly be made by the
American National Bank, which, acting
upon the account of Director M.
J. Monnette, will recognize the legiti-
macy of standard mining stocks in the
hands of customers as collateral.

The announcement was made by Mr.
Monnette, at a meeting of the directors
of the Los Angeles-Nevada Stock Ex-
change on Tuesday. As is generally
known, Mr. Monnette made a large
fortune from the Hayes-Monnette
lease on the Florence some two years
ago, and soon afterward removed to
this city. He has invested his capital
in commercial enterprises here and
acquired a large interest in the capi-
tal stock of the bank.

The matter is one of vast importance
to brokers, who have been seriously
hampered in the past by a disinclina-
tion of banks to accept their paper
when attached to the standard Nevada
securities. In handling a large busi-
ness, say with San Francisco, brokers
frequently have had to advance thousands
of dollars in transit, and, under the
former regime, it was impossible to ar-
range for the necessary credit, with
the result that the brokers were com-
pelled to refuse business.

It is believed that the lead of the
American National will be followed by
other banks in the city, and that,
within the near future, the leading
securities will be recognized as
proper quid pro quo for a reasonable
amount.

It must not be inferred, however,
that any kind of securities will be ac-
cepted. Great care will be taken in
keeping abreast of mining develop-
ments, but, as all such loans will be
made, there will be no discrimination.
It is expected that such securities as
Goldfield Consolidated, Florence, Daisy,
Combination Fraction, Belmont, Ne-
vada Hills, Pittsburg, and
some few others will command up to
40 per cent. of the daily prices as
shown by exchange proceedings in
Los Angeles, New York and San Fran-
cisco.

It has been charged by reputable
brokers that banks of this city are
inclined to handle their business
and cases are cited of refusals to ac-
cept checks in settlement of drafts
coming through other banks with stock
attached. In such cases the broker
was compelled to obtain cashier's
certification of his check, or deliver
the gold before the presenting bank
closed its doors for the day. Inquiry
into some of the principal banks of the
city, while confirming the statements
in every way, brought forth a denial
of any discrimination other than that
dictated by careful banking, and also
a very general recognition of the
extreme importance of the mining
industry to the future of Los Angeles.
In one of the leading institutions the
matter was placed before the Finance
Committee last week, and it is prob-
able that the movement will result
in a much more general recognition
of the legitimacy of the standard
stocks.

Parker Prospecting.
A prominent Arizona mining man,
who is acquainted with every copper
camp in the Territory, and who has
just returned from a first trip of in-
spection to mines in the vicinity of
Parker, says that it is one of the
most promising fields in the entire
country and that the whole of the
business which must originate there
can be captured by Los Angeles at
the expense of but trifling effort.

When the new Santa Fe line is
completed the principal mines will be
no more than one night's ride from
this city. On the east side of the river
the railroad is in operation from Wick-
burg and the bridge across the Col-
orado River is very near completion.
The center of the district is 100 miles
north of Yuma and about seventy miles
south of Needles. He says that there
is an almost unlimited wealth of heavy
ores—copper and iron—and that the
exploitation of its prospects will make
a smelter in Los Angeles what he calls
a "lead-pipe cinch." He says that the
copper deposits are enormous and that
there are literally mountains of the
most assailable and hematite iron. On
the Arizona side there is also a
great deal of gold scattered through-
out the country in such quantities as to
make the general attention of mining men
very attractive. Spoken
of the off-suggested smelter for
Los Angeles, he says that it is a thou-
sand times more profitable than any
piles one is not in operation now.
There is absolutely no doubt of the
supply material in unlimited quanti-
ties and he says that Alaska coal of
the finest cooking quality can be laid
down very cheaply from the States.
He has covered the northern
coal fields very thoroughly and says
that the product is excellent.

Orange Blossom Blooms.
The district in the vicinity of Bag-
dad, Cal., where the Orange Blossom
extension plant is beginning to attract
the general attention of mining men
and it is expected that there will be
a sharp movement in that direction this
winter. The Orange Blossom is op-
erating its mill to advantage, while
the extension company expects to start
up within the next two weeks. An-
other property, financed in Los Angeles
and known as the Orange Blossom An-
nex, has recently made arrangements
for extensive exploration. The ground
has an excellent showing and con-
tains an extension of the vein system
of the older and better-known mines.
Three miles from the Orange Blossom
plant, the Lady Lu has been quietly de-
veloping for two years, while the War Eagle
Tosca, while now closed down, expect
to resume operations shortly. The dis-
trict is located north of Bagdad and
Amboy, Cal., stations on the Santa
Fe, 216 and 224 miles, respectively, east
of Los Angeles, in San Bernardino
County. The heart of the Mojave
Desert, the Orange Blossom dis-
trict, lying from Bagdad, nine miles dis-
tant, while the extension hauls from
Amboy, a distance of eighteen miles.
A stage line, making close connections
with Santa Fe trains, is operated daily
by the Orange Blossom company.

Last Week at Goldfield.
Goldfield's production for last week
amounted to 238 tons of a value of
\$12,500—a falling off from previous

weeks. The decline is due to the fact
that the Combination Fraction, which
has been sending out 300 tons a week,
contented itself with one car. The
Mohawk Jumbo came first with 610
tons; the Regoles dump second with
265 tons; the Engineers' Lease third
with 251 tons; Francis Mohawk dump
fourth with 175 tons; Curtis Mohawk
fifth with 106 tons and the Diamond-
field Consolidated sixth with 77 tons.
The balance was made up of smaller
shipments from nine other properties,
running from eighteen to fifty-eight
tons. The announcement that the
Florence will commence active devel-
opment upon company account has
caused a widespread feeling of opti-
mism in camp and it is believed that
the shipments will now on show a
great increase.

Activity at Banning.
The Banning correspondent of The
Times reports that there is unusual
activity at Banning and that traffic
shows a steady influx of prospectors
who are preparing to take to the hills
for the north as the weather will
permit. At the present time it is very
hot on the desert and unsafe for any
but experienced travelers. Banning is
the transfer point for twenty-nine
Palm Springs, where the old mine has
been making some excellent strikes and
it is expected that more important dis-
coveries will be made as a result of
the general movement which will take
place within the next month.

JINGLE!
IT IS COIN FREE
FOR THE BOYS.

RANCHER COMES TO TOWN AND
HANDS IT OUT.

McElevy Takes to Cabs, Too, and
Sees the Sights of the City in a
Way That Leaves Many Smiles in
His Wake—Tired Out Last Night
by Day's Exertions.

Just off the ranch, D. C. McElevy,
registering from El Centro, arrived at
the Westminster on Monday night, and
after tendering the clerk at the desk
a roll large enough to choke a cow, and
sliding another of the same proportion
into his rear pocket, on the opposite
side of the one which served as a re-
ceipt for a large revolver, he started
out to see the sights. His hobby
proved to be cabs. He had been given
to the hotel in a vehicle of his charac-
ter, and after having looked at his
room and caused the bell boy to faint
by a tip of \$20, he called for another
cab.

Insisting that the would be taken to
the finest part of the city, the cabby
piloted him to the Westlake section and
until the wee hours of the morning
pulled out the homes of the elite of
Los Angeles. When the cabby finally
pulled up in front of the hotel, his tour-
ist climbed out and handed him an
exorbitant charge demanded without
a murmur, following it with a tip large
enough to pay the cabby's rent for
several months to come.

Accustomed to the life on the ranch,
he was up with the dawn and through-
out the entire day his trail was marked
by smiling cab drivers, joyful messen-
ger boys and happy newsmen. One of
the latter, standing at Fourth and
Main at about 2 p.m., was given \$1 for
a single paper. He immediately gave his
remaining stock to one of the other
boys and was then taken in the cab to
enjoy the greatest time of his life. Au-
tomobiles have no call on the gentle-
man from the Imperial Valley. It must
be a cab.

"You see," he remarked to the hotel
clerk, "I was in New York once, and
was thrown out of a hack because I
couldn't pay New York prices. Every
time I get to town now it's me for the
cabs. I'm sure going to have my fill
of riding in style while I can." Where
McElevy will stop is not to be deter-
mined until his roll becomes unrolled.
He could not be seen at the Westmin-
ster last night because the day's exertions
had tired him to the collapsing
point. A leading citizen of El Centro
said he never heard of McElevy there.

PROSPECTING FOR OIL.
Company Organizes to Exploit New
Field Along Pisu Creek in Near-by
Mountains.

A new oil field in this county likely
to become of interest lies in township
6 and 7, range 18 west, S.B.M., on Pisu
Creek, about eighteen miles northwest
of Castaic and twenty-six miles from
Newhall. The country is rough and
until recently was inaccessible, but
the Edison Electric Company built a
road through it for the construction
of their power line from Kern River.
This road passes through the heart of
this oil field, and the Los Angeles and
San Francisco short line has been lo-
cated along the same route and across
a tract of 1120 acres recently pur-
chased by Los Angeles capitalists in
the center of this oil belt.

The Antelope Oil Company has been
incorporated with a capital of \$100,000,
of which \$60,000 shares have been
placed in the treasury, and prelimi-
nary steps are being taken to drill a
well. The officers of the company are:
H. C. Norris, president; D. P. Hatch,
vice-president; D. Laughlin, secretary
and treasurer; W. H. Dowling and
John Harris, directors.

The exposures of oil sands and shales
extend for two and a half miles along
the course of Pisu Creek to a depth
of 300 to 800 feet. The formation is
miocene or middle tertiary, oil-bearing
fossils and organic remains being plen-
tiful throughout the strata. These oil-
bearing sands and shales are over 500
feet in thickness, as exposed along
the creek, tilted conformably, with an
average dip of about 45 deg. to the
north and a general east and west
strike. There is evidence of great pres-
sure, sulphurous water percolating
everywhere through these shale beds.

BUYS THE HILLTOP.
Iowa Man Invests in Apartment House
District Between Third and
Fourth on Olive.

Henry Kreim, a retired furniture
manufacturer of Clinton, Iowa, has
purchased from Allie A. Hewitt, the
property at No. 327 South Olive street,
consisting of a fifty-foot lot on the west
side of Olive street, between Third and
Fourth streets, for \$20,000. The present
improvements consist of an old-time
residence of nominal value, which rents
for \$100 a month. Good judges of close-
in property predict that east frontage
in this block will show a big rise in
value in less than a year, and will al-
ready show a good net income on a
valuation of nearly \$1000 a front foot
where the improvements are as costly as
the elegant-story Hotel Kellogg, which
has just been completed in this block.
Some exchange was taken in as part
payment in this transaction, which
was made through the agency of R.
A. Rowan & Co.

B. W. Bragg & Co. reports the sale
of the bungalow at No. 2679 West
Twenty-ninth place, consisting of a
lot 60x150 feet, improved with a hand-
some five-room bungalow. The buyer
is H. B. C. Coughlin, and the seller is
Clara E. Humbolt. The consideration
was \$5500.

STIRRED. BOARD WILLING TO INVESTIGATE.

BUT ASKS SPECIFIC CHARGES AS
TO MEDICAL EXAMINATIONS.

Knowledge of Wrong-doing or Dis-
crimination Among Students De-
nied by President Douglass, but
the Likelihood of Such Things Is
Admitted by Him.

Dr. J. Park Douglass, president of the
State Board of Medical Examiners, de-
clared yesterday afternoon that not a
single one of the disgruntled applica-
nts who failed in their examinations
would testify under oath as to the
truth of their recent assertion. "They
have been talking considerably and if
their talk amounts to anything, my-
self and the other members of the
board are willing to hold a special
meeting to investigate the charges,"
he said.

"The 'cribbing' use of ponies,
or other unfair means had been re-
ported to in the examinations, may be
a fact. It rests entirely with the stu-
dents or practitioners as to whether
they will be honest in their endeavors
to pass the examinations. About 140
took the last test in San Francisco.
As there was but one case of cheating,
the work, and as the students were
scattered through three or four rooms,
illicit means were not impossible. It
is true that there are watchmen, or-
dinary laymen, employed to look after
the students while they are undergoing
their review, and it may be plausible
that some of these have been bribed,
but it remains a fact that the board
knew nothing of such a matter and
is willing now or at any time to look
into it if specific and individual charges
are made. Several of the objectors to
the results of the last examination have
implied themselves as among those
who 'cribbed' and for that reason may
fear to come forward with their asser-
tions. As soon as they will set a
date for action, we shall be ready
to look into their case, either indi-
vidually or collectively, and I am sure
it can easily be proven that there was
no discrimination on the part of any
of the examiners."

From San Francisco the report
comes, by Associated Press, that the
charge that the recent medical exami-
nations conducted by the State board
were not impartial, students from col-
leges in that city being favored more
than those from southern California,
is declared to be without foundation
by physicians connected with the ex-
aminations.

Dr. Henry Gibbons, Jr., dean of
Cooper Medical College, and Dr. Dud-
ley Tait, one of the State examiners,
are quoted as saying there is no truth
in the assertions of discrimination.

One of the Cooper College students
who passed the examination, L. J.
Coughlin, when asked to show an in-
terference, said he saw no reason why
the Cooper students were segregated
when the examination was held. The
Cooper students were permitted to visit
the laboratory, as usual. It is charged
that while in the laboratory they were
enabled to familiarize themselves with
the names of tissues of the body pre-
served in jars and about which they
were questioned later.

REPUBLICAN LEAGUE RALLY.
And the Boys Will All Be There With
Their Throats in Good
Repair.

Arrangements are under way by the
Republican League for a reception and
smoker at the league headquarters, No.
132 1-2 South Spring street, next Sat-
urday evening, at which all the nominees
of the Republican County Convention
are invited to be present as guests of
the league.

The affair will be made the formal
opening of the local campaign and there
will be speeches of an informal charac-
ter and refreshments, besides which
every member of the league is ex-
pected to do his share toward enjoy-
ing himself and helping every one else
to do the same.

FIRST OF THE SEASON.
The first reception of the season for
the people will be given Friday
evening at 8 o'clock, at Maple Hall, in
the Fraternal Brotherhood building.

"Times" Branch Office, 531 S. Spring St.
For the convenience of Times patrons, a
branch office has been established at 531 S.
Spring street, where advertisements and sub-
scriptions are taken by experienced clerks.

Hay's Hair Health

Never Fails to Restore
Gray Hair to its Natural

MUSIC AND THE STAGE.

The peaceful warfare between Messrs. Belasco and Morosco is going on pleasantly as a pink tea, accompanied by all the little amenities which make a social occasion so agreeable as the consummation of a divorce highly delightful to both parties.

Scripts for a pair of Devils arrived yesterday, but in entirely different versions. Mr. Morosco's is said to be very short, running for only about an hour and a half. This script has characters named in German. The Belasco script has its characters named in French, and occupies an entire evening in presentation.

In New York Messrs. Fiske and Savage have very different versions, the adaptation of the first featuring Edwin Stevens, who slightly burlesques his character, wearing a prominent bit or two of make-up, a coat with red lining and half-so parted that it is very devilishly "horned" on either side. Arise, however, upon the Fiske stage, has but one touch of black—an arch over his eyebrows—and plays the character "straight."

As the piece has barely gone into rehearsal here, Messrs. Beasley and Glaser have not aired their respective notions.

The battle of words which Messrs. Morosco and Belasco allowed their respective agents to indulge in is entirely without casualties—so far.

And I venture that had the manuscript been found wanting on the one side it would have been very courteously loaned by the other.

If catholicity of taste is the criterion of a good vaudeville bill, then the one at the Orpheum this week must meet the requirements, for in it one can find anything from grand opera to a negro buck and wing dance—and most of the intermediary stops are by no means neglected.

The top-notch place in the programme goes to one of Jesse L. Lasky's big acts, but as a matter of art Ben Welch is entitled to the stellar record. Ben Welch is a person apart; he has no peer in his particular line, and as that line varies not only from week to week, but from night to night, he is never wearisome.

The Military Octette is composed of eight men, who dress as members of the armies of Russia, Britain and the United States, and play on instruments of various sorts. Also there are two young women who are really there as scenic adjuncts, but who are given the excuse of being announcers. Also the girl with the baton, Mabel Keith, who dashes down an aisle and right up into the middle of the musical melee.

Wassail and Carranza furnish the grand opera, and the best of the duo is the man, who sings the "Pagliacci" prologue delightfully. Mlle. Carranza, who, despite her Gallic name was born no further away than Oakland, does acceptable work in the soprano register, though she might better omit "The Last Rose of Summer."

The dancing Mitchell, a negro trio, have been seen here before, and to better advantage, as their act was new—once upon a time.

Carrie Clarke Ward's sketch, "The Cook Lady," continues, with Joseph DeGrasso replacing Harry Von Meter, who has gone to the Valencia Stock Company, in Oakland. Pentelle and Coss, the juggling performance, and La Toaka, the juggler, also remain.

Hugh Lloyd, an expert tight-rope performer, the best feature of the evening bill of the Sullivan-Conditheauville at the Los Angeles Theatre. He bounds, turns somersaults, and performs many other feats, including an upside-down solo upon a violin. His wife is merely a decorative feature of the act.

Leo Filler, Russian boy violinist, renders the "William Tell" overture and other equally popular, but not equally classic, selections. Lillian Hale and Sager Dean present an amusing sketch, entitled "The Phantom Rival." Fitzgerald and West, singing comedians, contribute several parodies on familiar songs. Barnes and West offer a singing and dancing specialty. Motion pictures complete the programme.

Lewis Stone discovered yesterday afternoon that being a successful star and a successful chauffeur are two different matters. Two days ago Mr. Stone purchased a motorcar. Yesterday he suffered a sharp and decisive encounter with a street car, and the automobile reposed in the ditch last night, while its owner, sadder and wiser, sped homeward via the nickel fare.

Gilbert Gardner, stage director at the Grand Opera House during melodrama time, has a new leading actress in his family. She weighs ten pounds.

Gertrude Cohen sailed eight days ago on the Kaiser Wilhelm der Grosse, with Warsaw as her destination, where she will study under the personal supervision of Ignace Paderewski.

The second week of Fischer's musical comedy, "The Telephone Girl," is marked by a number of specialty performances and by the introduction of new songs.

"Not Yet, But Soon," which was pretty poor stuff at the Grand on Sunday, has been snapped up a little by additional rehearsal and the introduction of crisp new dialogue and business.

Neil Lockwood and Hazel Bryson are shortly to go out on another tour of the Orpheum circuit.

The Treble Clef Club will meet for rehearsal at Symphony Hall tomorrow afternoon at 2:30 o'clock.

The Belasco Theatre will shortly celebrate its anniversary in appropriate manner. The theater has just entered its fifth year.

A musical burlesque, "The King With the Dought," is given at the Unique Theatre this week under the direction of Walter Fredericks, who constructed it.

James F. Lee, who has charge of the comedy company, has another farce comedy which appeals to Unique patrons in "The Invalid," a satire on craps, doctors and disease.

FREIGHT TRAIN WRECKED.

Six Cars Piled on Southern Pacific Tracks at Lang, and the Owl Is Delayed Two Hours.

A freight wreck, which delayed the Owl two hours, and made it necessary to send the train out over the Coast line, occurred yesterday afternoon at 12:28 o'clock on the Southern Pacific, two and a half miles from Lang. The wrecked train had left Mojave only a short time previous for Los Angeles, and was proceeding at about thirty miles an hour, when six of the cars turned turtle.

Four of the crew were injured. Plaster which had been taken on at Palmdale were piled together. Four cars behind the wrecked six remained on the rails. It was impossible to ascertain the cause of the wreck.

The little station of Lang is about

seventy miles from Los Angeles, on the valley line of the Southern Pacific.

The next station beyond Lang is Palmdale, on the edge of the desert. It was necessary to send a wrecker out from Los Angeles before anything could be done toward lifting the cars back on the tracks.

At first it was thought that the track could be cleared in time to allow the Owl to go through. The train was held for two hours, but word was received at 7 o'clock from Lang that it would take the greater part of last night to clear the tracks.

The plaster-filled cars were more seriously damaged than the oil tanks, but all can be hoisted back to the tracks and brought to the city. The train contained thirty-five cars.

DENIES EXCITEMENT REPORT.

Rev. A. B. Simpson of New York, who was the leader of the recent convention of the Christian and Missionary Alliance at Old Orchard, Me., writes to deny the report sent out in news dispatches at the time of the convention to the effect that a wave of hysteria swept over the meeting, and contributions of jewels and money were hurled into the basket. He says that the proceedings were most orderly, that there were no jewels contributed, and that the money offerings were made voluntarily, without any display of excitement. The sum of \$25,000 was thus raised for foreign missionary work.

Robinson Company
BOSTON DRY GOODS STORE
30. BROADWAY 235-237-239 SO. HILL ST. 234-244
Many new satin hats for Fall wear are ready.
(Millinery Dept., Second Floor.)

\$37.50 Wilton Rugs \$27.50

8'x10 1/2 ft. Wilton Rugs of the best grade are sold throughout America at \$37.50—an assertion which you can verify by visiting any rug store. Until our present supply is exhausted our price will be \$27.50, a clean saving of ten dollars.
(Third Floor.)

Boys' \$7.50 School Suits \$5

Smartly cut and splendidly tailored suits for boys of 6 to 16 years, at a full third under the price we have been getting all the season—and just in time for school opening!

Single and double-breasted coat suits, with Knickerbocker trousers.
(Main Floor, Rear of Annex.)

Elegance and Exclusiveness

Wool Suitings

These new French Suitings, in which the skirt pattern has indistinct stripes or plaids and the coat pattern is perfectly plain, appeal to all refined dressers who care for exclusiveness.

"Taupe" is the ultra-fashionable shade. Greens stand next in favor. Then browns and blues. Fifty dollars a suit. Among the pronounced novelties in suitings by the yard are:

Self-striped Taupe. Knickerbocker Suitings. Herringbone serges in two-tone effects. Chevron Stripes. Double swivel stripe serges in two-tone effects. Fancy whipcords and serges. \$1.75 to \$3.50 a yard. Self-striped Broadcloths. Of course there are many other novelty weaves at lesser prices.

Scotch Heather suitings in diagonal mixtures and three-tone stripes.
(Main Floor, Center Aisle.)

Toilet Water at Half

Robinson's Violet Toilet Water; put up to our order to sell at 25c a bottle, buyable today at 15c or two bottles for 25c.

French poplin, French failles, French gros grain and French gros de Londres, finely corded, at \$1 to \$2.25 a yard.
French Crystal in heavy cords, \$1.50 yard.

These are, emphatically, to be the weaves in black which will be most used for costumes, long coats, etc.
FOR WEDNESDAY.
Our regular \$1.75 French figured taffetas at \$1.50.

\$1.25 Axminster Carpet \$1.05 Yard

Floor coverings getting shabby? You may replace them at slight cost by buying here while these clearances are in effect.

Imitation Oriental rugs, in colorings and designs exact copies of the real ones; 9x12, \$29.00; others at like price.

Axminster carpets, made, laid and lined, for \$1.05. Usual \$1.25 quality.

Muslin curtains, 40 to 48 inches wide, 2 1/2 and 3 yards long; some with flit insertion and edging; \$2.25 grades for \$1.50 a pair; \$3 and \$3.25 grades for \$2.00.

Arabian lace curtains, (we've too many of these;) some with heavy cords; 54 inches wide, 3 1/2 yards long; \$2.75, \$2.90 and \$3.25 qualities for \$1.65 pair.

Women's Autumn Suits Of Many Modes

Each season brings two distinct classes of women's suits. One is the conservative, mannishly tailored style, changing little from year to year except in length of coat, size of sleeves, width of skirt. The other is a more ornate model, exploiting in some way the more pronounced modes of the season. Nearly all variations are built around one or the other of these two classes.

This year the coat of the conservative suit is longer, the sleeves long, narrower and with much less fullness at armhole, and the skirt clinging and inclined to unpleated simplicity.

The influence of the Directorate and the Empire is written all over the more ornate suit, with its broad lapels, tall collar, wide pockets, tailed coat, high-belted skirt and—very likely—sash.

Every variation of the two distinct modes is here. But there are also many other delightful models not to be found everywhere—adaptations and developments of the coming season's best styles, designed to please the woman who wants neither "what everyone is wearing" nor "what no one is wearing."

Priced \$25, \$32.50, \$35 up to \$90.

How-tow to the Princess Alice!

Hats off to the Princess Alice, the brave and deserving worker who yesterday, going up two places in line, above them all, where royalty should be—and there comes a message from Pasadena that the Princess means to stay there. Where else, forsooth, should a Princess stay? "Where else?" ask the hundreds of adherents and courtiers and retainers of the Princess in Khaki. So, young aspirants, if any one of you aims to wear the seat of the mighty from the Princess Alice, you must make up your mind, and the real war is on and you must struggle harder than ever.

Who will be the next girl to kiss the hundred thousand line? Will it be the Favorite of the Foothills or the Highland Lassie? That line will be crossed by some one else before next Saturday night. And when once beyond that line, the scores come in faster than ever for the favored one. Now, mark the word of this prophet! Within the next four days some lucky one will join the hundred thousand royalties.

Gladys, the pride of Santa Barbara, took a great move up yesterday. She scored 2600 points and took a position away from Grace Tyler. A number of the most successful workers did not make reports yesterday, evidently saving up some exclamation points.

Gertrude Flick made one of the great gains of the day. She is to be reckoned with henceforth. The Soldiers' Home contingent responded nobly. Wallie Swain came in with a gain of 1500. Laura Easton marched upward and onward with a credit of over 1800.

Eva Matthews and Teresa Camp forged ahead one place in line. What did it do.

And here again is that "Flying Dutchman," Leon Risenwebber of Pasadena, with his 1000 points for a new

annual as regularly turned in as the

sun rises. Glenn Anderson of Pasadena, a steady hustler, got a fine lift yesterday, going up two places in line. A new month has opened. These first days of the month are harvest days for persistent gleasers. We know what is going on and can promise some sensational announcements within the next few days.

But the most interesting question is: What girl will next pass the 100,000 glory-line? Or will the next girl be a boy?

By the way, there is a box of candy waiting for the boy or girl who makes the best gain on this one day. A pound of the best for the best. Just for this one day!

THE PRIZES.

Besides the valuable scholarships for which the young people are working, The Times offers fifteen cash prizes for those making the highest scores next to the top liner, who will receive the prize piano. The cash prizes, totaling \$1500, are arranged as follows:

EXCEPTION.

MONEY MAKER FOR UNCLE SAM.

DEPARTMENT OF AGRICULTURE PAYS MORE THAN EXPENSES.

During its Seventy Years It Has Added Countless Millions to the Nation's Wealth Through Its Introduction of Valuable Seeds and Plants Previously Unknown.

[Kansas City Star:] Just about seventy years ago, with an appropriation of \$1000, an obscure little division in the government patent office began the work of securing in foreign countries valuable seeds and plants for distribution throughout the United States. For the next fiscal year, 1909, Congress has appropriated for the Department of Agriculture, the offspring of that little division, something over \$15,000,000.

Is the investment in the department a productive or an unproductive one? Do we, in fact, get a run for our money?

Of course many new lines of work have been added on to the original task of introducing valuable seeds and plants with which Federal aid to agriculture first concerned itself. There are nine great bureaus and some smaller organizations in the department of today. It is not too much to say that in one single line of work—the old original business of introducing valuable seeds and plants—the Department of Agriculture has repaid many times over all that it has cost the country. It is to be remembered that many of our crops, the names of which are familiar in our mouths as household words, are not native of the United States. They have been introduced from foreign countries, and the practice goes back to, and even beyond, the earliest days of the republic. In 1793, Benjamin Franklin, as agent for Pennsylvania, sent home from abroad seeds and mulberry cuttings, and during the administration of President John Quincy Adams the consular service began to be utilized for the collection of rare seeds and plants.

IMPORTED MONEY MAKERS.

Sorghum was introduced from China and France probably about 1844. It cost \$2000 to introduce the crop, now cultivated generally throughout the United States, and its present annual value is at least forty million dollars. The introduction of Kaffir corn, largely grown and very useful in the semi-arid Southwest, cost about \$5000 and it now yields an annual value of fifteen millions at least. The widely known Fultz wheat was introduced by the department in 1871 at a small cost. The annual value of the crop today is many millions of dollars. The Washington wheat orange, the foundation of the great orange industry of California, was introduced in 1829 by the department at a trifling cost, while the value of the crop now runs up every year to something over twelve million dollars.

Perhaps the most striking achievement of the department in seed introduction is found in the durum wheat. During the years from 1829 to 1902 the department brought from Russia and Africa at a total cost of about \$10,000 the seed of the durum or hard wheat for distribution in the United States. It is light. Its use has spread over a wide strip of country extending from Northern North Dakota to Southeastern New Mexico. It is extensively raised in Montana and Idaho, and in parts of Washington, Oregon and Utah. The value of the crop now is at the very least thirty million dollars a year, and is steadily increasing. The immense significance of this introduction is not, however, revealed by these figures alone. It means the

NEW SKIN REMEDY

Creates Big Stir; Drug Stores Crowded With Sufferers.

For several weeks past the Owl and other leading drug stores in this city have been crowded with persons desiring a supply of poslam, the new cure for eczema. This is the drug which has created such a stir throughout the country since its discovery one year ago.

For the convenience of those who use the poslam for pimples, blackheads, blotches, red nose, acne, herpes and other minor skin troubles, a special 50 cent package has been adopted in addition to the regular two-dollar jar, which is now on sale at all leading stores.

In eczema cases, poslam stops the itching with first application and proceeds to heal, curing chronic cases in two weeks. In minor skin troubles, results show after an overnight application. For a free experimental sample, write direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

extension of farming and home-making to the children who have once been ranged over some twenty acres to find their living. It forms another great national asset and is another sure reliance for the food supply of the future. During last year Durum wheat covered an area of three million acres, and much of this land, before the advent of this crop, was valueless for agriculture.

In parts of the Northwest summer following is a necessity, owing to the fact that wheat has been raised so many years in succession on the same land that the yield is rapidly decreasing. The farmer has to give his land a rest and is thereby out of pocket. Supplementary to Durum wheat, in the sense that it may be used in a system of rotation and avoid the need for this distressing idleness of the land, is a Siberian alfalfa with yellow, instead of the usual blue flowers, which was introduced from Siberia by an explorer of the department, Prof. N. E. Hansen. The plant thrives on the dry steppes of Siberia, where it withstands, without protection, an extremely low temperature. It belongs to that wonderful group of plants, the legumes, the value of which as improvers of the soil is now becoming so widely appreciated. The cost of bringing this yellow-flowered alfalfa to the United States cannot be segregated from other items of the cost of Prof. Hansen's trip, but it cannot be over \$1000 and may be less. It will in time yield an annual value of millions.

Many other plants and seeds valuable in our agriculture have been brought back by the department's explorers. The production, Prof. N. E. Hansen, The Kishu rice from Japan, matting plants from the same country, a valuable alfalfa from Turkestan, and others, might be mentioned. To sum it all up it may be said that the cost of all seed and plant introductions since 1852 has been about \$5,000,000, while the annual value today of some—not all—of the varieties brought in by the department will reach a total of at least \$100,000,000.

AS A MONEY SAVER.

If we stopped at this point the department's claim of having "made good" would be fully proved. Some additional estimates, very conservatively made, of the annual savings effected by its operations, clinch the matter definitely. The estimated value of the national forests is \$1,400,000,000, and they are believed to be increasing in value no less than 10 per cent. annually. The production of timber and forage, and the maintenance of stream flow, by the use, protection and improvement of these forests, assuredly cannot be worth less than 2 per cent. on the valuation given above, and this amounts to \$28,000,000. The prevention of forest fires probably saves commercial timber and young growth worth \$20,000,000 annually. Improved methods of turpentine harvesting and of forest management generally, undervalued by the department, the Forest Service (a branch of the department) save several more millions each year. The saving effected by the labor of forest rangers and game wardens, the bureau of entomology, the forest and front workings of the weather bureau; the work of the biological survey against wolves, coyotes, meadow mice and other destructive animals; the studies of the bureau of plant industry, along the line of plant diseases—all these result in annual savings running up into millions of dollars.

PASADENA.
DISCUSS WATER PLANT PROBLEM.
BOARD OF TRADE DIRECTORS GOING AHEAD SLOWLY.

Not Yet Certain Whether to Pledge Support of Municipal Purchase Proposition—North Madison Avenue Paving Contract Let—Death of Prominent Woman—Reality Deals.

Office of the Trusts, No. 25 S. Raymond Ave., Pasadena, Sept. 2.—That they may be sure they are right before they go ahead, the directors of the Board of Trade yesterday afternoon discussed thoroughly the problem of the purchase by the city of the local water plants.

The postal cards received from members in a canvass on the attitude of the body to the purchase, showed a great majority in favor of it, but as nearly two hundred members were not heard from, the directors feel that they must use discretion.

They will make an investigation of the plants and acquire a knowledge of the profits and possibilities before pledging themselves to the support of the proposition.

The bond election for the purchase of the plants will be held on September 24. Three propositions will be voted on, for the amount of \$1,125,000 for the purchase and betterments of the water plants; another, bonds to the amount of \$50,000 for the improvement of Tournament Park, and, third, bonds to the amount of \$240,000 for the construction of a garbage incinerator.

ALL DEPENDS ON WEATHER.
The condition of the weather will decide the date of the closing of the mountain camps. At Mount Wilson, last night, it was stated that both Strain's and Sturtevant's camps will be kept open until early in October. At Switzer's camp advance bookings will require the camp to keep open until late this month.

Alpine Tavern has enjoyed an unusually busy season and from all the camps reports of a good summer are heard.

Yesterday afternoon the remains of Isaac Johnson, the negro who committed suicide in the central garage, were buried in Mountain View Cemetery after a short service at the parlors of the Reynolds & Van Nuys Company. An inquest was held in the morning.

TO SAVE EXPENSE.
One of the employees of the municipal electric lighting plant has a scheme for saving wiring and expense in the installation of the police signal light system. He suggests that an electrical arrangement be placed on each box so that when the telephone bell at the box rings, the switch automatically drops down and makes the connection with the light.

Chief Favour is having the jail painted and the office above it arranged more conveniently.

PAVING CONTRACT LET.
The contract for the paving of North Madison avenue, from Colorado street to Walnut street, was let yesterday to Andrew Holloway, for 12.8 cents a square foot. He will also curb and gutter the avenue for 26 cents a square foot.

It was made known at the meeting of the Council that residents on East Colorado street hope to extend the paving of that road from Catalina avenue to the city limits.

CASHIER RESIGNS.
Frederick H. Swan, for some time past cashier of the American Bank and Trust company, has resigned and will hereafter devote all of his time to looking after his increasing business interests in the North. He retains his stock in the bank.

THAT STORM WATER DRAIN.
The old ghost of the proposed storm water drain in East Pasadena stalked out at the meeting of the Council yesterday, and for some time the subject of discussion. The project was first brought up over a year ago by Engineer Van Orman, and according to the plan, a cement and cobblestone conduit was to be laid along the line of the storm water in that section of the city. On account of the many other public enterprises which were held in abeyance, no action was taken. The drain would cost many thousands of dollars, and a bond issue would be necessary.

READY FOR SCHOOL.
At the regular meeting last night the Board of Education handled a great deal of routine business, preliminary to the opening of the school on September 28.

The contract for the construction of the Madison Kindergarten was let to J. J. Berry for \$151,520.

The resignation of Miss Kate Ball, as instructor at the Garfield school, was reluctantly accepted.

WELL-KNOWN WOMAN DIES.
Mrs. Emily Benedict Reynolds died at Palo Alto Monday. She was well known in this city and expected to make her home here, where her sister-in-law, Mrs. Dr. J. E. Jones, and her aunt, Mrs. Hubert E. Tives, resided. The funeral services will be held on Thursday. Burial will be in Mountain View Cemetery.

Members of Ensign Bagley Camp, United Spanish War Veterans, will meet this evening to discuss plans for the entertainment and reception of the State encampment, which will be held here next spring.

REALTY MARKET LIVELY.
W. R. Merwin has purchased of A. Leland two lots on the west side of Pasadena avenue, just north of the Markham residence, for \$8000. The property has frontage of 140 feet on the avenue and is 250 feet deep. The buyer expects to erect two handsome homes on it.

PARK MEETINGS TO CEASE.
Next Sunday will be held the last of the open-air meetings in Library Park, which have been conducted so successfully by the Young People's Christian Union.

Artists' materials at Wadsworth's. See Phelps for fine wall paper. The Virginia, Long Beach, equalled by none. Moderate rates for the summer.

New Los Angeles-P. E. Service.
For the convenience of patrons desiring to call Los Angeles early in the morning, the Pacific Electric Railway has put on an early morning train leaving Los Angeles at 6:15 a. m. and arriving in Los Angeles at 6:30 a. m.

New Los Angeles-P. E. Service.
For the convenience of patrons desiring to call Los Angeles early in the morning, the Pacific Electric Railway has put on an early morning train leaving Los Angeles at 6:15 a. m. and arriving in Los Angeles at 6:30 a. m.

LAMENTATIONS.
"BITTEN," SAY AVALONIAN.
PINGPONG PARLOR CLOSES AND PRIZES ARE FORGOTTEN.

Japanese Proprietor Leaves Behind Discontented Lot of People With Credit Slips—Successor Non-committal—See Eel Severely Lacerates Man's Finger.

AVALON, Sept. 1.—The Nakamura Company, which has been running a pingpong parlor all summer, suddenly closed it, and a large number of Avalonians are left with credit slips representing large scores, for which they fondly hoped to realize prizes in the shape of vases, china tea sets and Japanese works of art.

Three days ago Mr. Nakamura and his assistant left the island, taking along three large trunks and a lot of hand baggage. The head of the firm announced, when questioned, that he had sent over a man to take charge for the balance of the season, and next morning the pingpong establishment was opened as usual, but when the people who held credit slips demanded their prizes, there was "nothing doing." The Japanese proprietor was not involved, and could be "bothered" with settling up affairs that belonged to his predecessor. When the people became importunate, he simply closed the establishment, and put out a sign, "Open tomorrow." That was three days ago, the parlor is still closed, and the creditors think they have been victimized.

HOTEL ARRIVALS.
Among those registered at the Metropole are: Mr. and Mrs. Foster Coates and daughter, Mr. and Mrs. C. Thornton and maid, T. C. Thornton, Jr., Mr. J. R. Armstrong, Mr. J. J. O'Brien of Los Angeles; Mrs. J. F. Trothman, Nelson and Stafford, Mr. and Mrs. J. H. Gorman, and daughter, Richmond, Ind.; M. J. Mittenthal of Dallas, Tex.; Mr. and Mrs. J. H. Gorman, and daughter, Richmond, Ind.; M. J. Mittenthal of Dallas, Tex.; Mr. and Mrs. J. H. Gorman, and daughter, Richmond, Ind.; M. J. Mittenthal of Dallas, Tex.

At Hotel Windsor are: John Law, the Hollywood banker, and his wife, Miss Jessie Labarra, South Pasadena; Miss Jeanne Labarra, Los Angeles; Miss Hazel Hastings, Hollywood; Miss Maggie and Mame Eagan and Messrs. Harry, James and Tom Eagan of Tracy.

SEVERELY BITTEN.
Ernest Meyer of Pasadena, who has been spending a month on the island, was severely bitten on the finger by a sea eel, more than four feet long, which his wife had caught while fishing off Banning beach. While trying to turn the eel from the hook, it turned and seized his finger, which was cut to the bone.

TAX LEVY REDUCED.
Santa Monica Men Will Pay Ten Cents Less This Year—Street Inspector Found Dead.

SANTA MONICA, Sept. 1.—The tax levy for the city of Santa Monica for the ensuing year will be \$1.00 on each \$100 of assessed valuation. This decision was reached this afternoon by the City Council. The levy last year was \$1.70. The reduction is practically 25 cents, the lowest levy provided for in the city charter.

Michael K. Weaver died alone at his home in Hollywood Saturday night or Sunday. His body was not discovered until this morning. He had been employed as inspector of street work. He leaves three sons, Edgar of Santa Monica, Edwin of Oxford and Edward of Reno, Nev. He was 50 years old.

One broken rib and a scare were sustained by W. A. Fairburn of Los Angeles, through the bursting of a gas-oil tank. The accident happened near the Bristol pier last night, following the launching of a gasoline-propelled boat. A lighted lantern at the stern of the boat lit the inflammable gas, and the wrecking of it, Fairburn was cast into the sea and it was with considerable rescue that he was brought ashore.

The removal of the kindergarten building from the Washington schoolhouse site has been effected and the house has been converted into an African Methodist church. The dedication service will be preached tomorrow night by Rev. Phillips.

A. P. Williams, who has recently retired from the superintendency of the Southern California Hospital for the Insane at Patton, is to make his home here.

In the Seventh Ward the Prohibitionists have organized a club. The officers are: T. O. Sanderson, president; W. P. Phillips, secretary; M. L. Hudson, treasurer.

The trial run of sixty days having proved successful and no taxpayer or property owner has made any objection to the proposed purchase, the City Council today made a payment of \$9000 on the magnetoelectrolytic sewage purification plant. The remaining \$10000 will be paid within sixty days, if the electrodes prove satisfactory. This is said to be the only plant of the kind in operation in the world.

SIERRA MADRE.
Sept. 1.—Mrs. George H. Lattimore, a handsome residence on Central boulevard will be the scene of the next card party to be given by the Huntington Club, for the benefit of its building fund. The event will take place on next Tuesday evening. Bridge, bridge and flinch are to be the games.

Louis A. Groat, a former shorthand reporter and now a landscape gardener, has taken up residence in this section. He has devoted years to the study of botany.

The burning of the city of the residential sections of the city are coming in for their share of kicks, and residents are registering complaints with the health board.

It is announced that owing to the small patronage on the 5:30 p. m. car, the Los Angeles Railway will discontinue the service on that car.

Through a car after passing the business section of the city.

Unless the city appoints some one to flush the culverts and keep them free from brush and other obstructions, considerable damage may be caused by the storm waters this coming season. The city engineer has an ordinance prohibiting the throwing of waste material in the newly constructed gutters and upon the boulevards.

POLE PROBLEM.
POMONA PEOPLE ARE DELIGHTED.
DECISION AGAINST TELEPHONE COMPANY PLEAS.

Sunset Concern Must Either Appeal or Apply for Franchise—History of Case That Has Been in Courts for Three Years—Funeral of Fletcher Britain.

POMONA, Sept. 1.—Much satisfaction is expressed here at the decision of the United States District Judge Weiborn in the case of the Sunset Telephone Company against the city of Pomona, which favors the city. The Sunset company had been operating here as an independent franchise for several years without a franchise and when the trustees demanded that the company apply for a franchise, it refused on the ground that it was an interstate concern and consequently not amenable to the Broughton franchise law. On September 8, 1935, the then City Attorney, Robert G. Loucks under instructions from the trustees, forced the issue by having cut down the poles on South Park avenue. The Sunset people immediately resorted to injunction proceedings, and later the case was instituted. The arguments were made in December, 1935, and since then the case has dragged along. Judge Weiborn's decision means much to Pomona. The Sunset company must appeal to the highest court, or apply for a franchise.

The funeral of Fletcher Britain, who died in his eighty-first year, last evening, was held this afternoon at the Baptist Church. He leaves a widow, son, Charles D. Brittain, of this city, and three daughters.

RETURN FROM CAMP.
Charles E. Walker and family returned this evening from a three week outing at their summer camp at Bluff Lake.

Miss Florence and Marguerite Kauffman have left for Stanford University.

John C. Walker and family are living in the Jamieson cottage in Alvarado Court.

Mrs. W. H. Poston and family have returned from an extended outing at Bayham's.

Mark H. Potter is to build a home in the Kenosha tract.

Charles Carville and wife have rented Allen P. Nichols' house at the corner of North Park avenue and Preciado street.

FUNERAL OF DUDLEY DORMAN.
Santa Ana Man Buried at Redondo With Masonic Honors—Customs-house Report.

REDONDO, Sept. 1.—The funeral of Dudley M. Dorman took place this afternoon at the residence of Mr. and Mrs. George Cate. Two special cars brought friends from Santa Ana, the various Masonic orders of that city, the various service at the residence, the body was taken to Evergreen Cemetery and interred with Masonic honors.

The handsome Masonic Temple at Santa Ana stands upon a site presented by Mr. Dorman several years ago.

CUSTOMS REPORT.
The report of the local branch of the Los Angeles Customs-house for the month of August is as follows:

Imports: Lumber, 4,572,000; shingles, 12,550,000; oil, 25,600 barrels; merchandise, 13,732 tons; passengers, 1535.

Exports: Merchandise 554 tons; oil, 25,600 barrels; shingles, 12,550,000. Net tonnage of shipping, 42,382; steamers, 45; schooners, 1; total vessels, 49.

MONSTER SKATE.
Charley Falenette caught an unwelcome visitor in his nets off the fishing banks, this morning, in the shape of a 170-pound skate. It required two men, each armed with a spear, to conquer the monster after it had been taken aboard the boat.

OLD STOVE WITH HISTORY.
Because of It Several Men Get Into Trouble at Ocean Park—End Not in Sight.

OCEAN PARK, Sept. 1.—An old stove, valued at \$100, and estimated as being worth \$500, has been the cause of much trouble, has already been responsible for sending one man to jail, for the arrest of another, for the accusation of a third of stealing—and the end is not yet, nor is the beginning of the end in sight.

One, T. O. Evans, had a stove that was in his way. He placed it on a wharf at the foot of the Huntington. Along came a colored man, W. T. Simpson, of Santa Monica. As the story runs, Donohue gave the stove to Simpson, provided he would remove it, and some weeks later, Simpson was arrested upon complaint of Evans, on a charge of larceny, and spent a restless night in jail. The case was dismissed when he gave Evans \$100 as an earnest that he would return the stove. But when he went to fetch it, he was told that the stove had been sold to William Prudhomme, another neighbor.

William Prudhomme, another neighbor, was arrested and he will be tried on a charge of Justice of the Peace Stele on Friday, charged with having taken the stove. Prudhomme says that Marshal Brown "swiped" the stove and sold it to the Prudhomme man for the price of two drinks.

SOUTH PASADENA.
SOUTH PASADENA, Sept. 1.—An \$18,000 contract has been let for street work by the Garmey Investment Company, Huntington Land and Improvement Company, S. Manuvaring and C. P. Boshvish. Electric and Fletcher avenues are both to be extended from Oak street to Huntington Drive. Oak street is to be improved from Moreno on the north side, 1045 feet, to the Huntington Drive on the south side. Wayne avenue, all of the street, and some weeks later, Simpson was arrested upon complaint of Evans, on a charge of larceny, and spent a restless night in jail. The case was dismissed when he gave Evans \$100 as an earnest that he would return the stove. But when he went to fetch it, he was told that the stove had been sold to William Prudhomme, another neighbor.

William Prudhomme, another neighbor, was arrested and he will be tried on a charge of Justice of the Peace Stele on Friday, charged with having taken the stove. Prudhomme says that Marshal Brown "swiped" the stove and sold it to the Prudhomme man for the price of two drinks.

WRECKING OF A HOME.
Whittier Husband Finds Another Man in Wife's Company, and Quick Separation Follows.

WHITTIER, Sept. 1.—The wrecking of a cozy little home, the return of a pretty young wife to her parents, and the filing of divorce papers, form the sequel to an excited quarrel that took place last night at the home of Mr. and Mrs. William Nall, when the irate husband found his spouse in another man's company early this morning. The only reason, so the officers say, that it was not a killing also, was that the husband had no weapon but a rather small jack-knife, and although he slashed the wife's arm, he did not cut the man but slightly. The Nalls live at 4111 North Hollywood avenue, and tonight the little home started to shake after the pathetic testimony of the bitterness and sorrow of the deserted husband.

The exit of the intruder, a stony interview between husband and wife, the calling in of the peace officers, and much shouting, formed part of the night's excitement. The office of Attorney R. F. Graham, the husband divided the household possessions, even going so far as to divide the amount of money

LOSING BLOOD.
DANGEROUS EXPERIENCE OF GUN CLUB CARETAKER.
Cuts Leg With Scythe and Pays Little Attention to Wound Until He Drops from Weakness—At Long Beach Hospital—Trouser Thief Caught—Band Problem.

LONG BEACH, Sept. 1.—L. H. Geyer, caretaker of the Alamitos Gun Club, was brought to the city this evening nearly dead from loss of blood.

This morning he undertook to show some workmen how to cut tulips with a scythe. He was cutting the blade, he was too energetic and the point entered his left leg between the ankle and knee, penetrating nearly an inch. Geyer went on with his work and an hour later discovered his shoe was full of blood. He emptied it and examined the cut, but thought the bleeding had stopped, and paid no more attention to it until after dinner, when he suddenly weakened and sank to the ground. A physician called and an examination showed he was slowly bleeding to death. A temporary bandage was applied and the victim brought here for medical attention. He will probably recover.

HIT BY DERRICK LOAD.
Dan Fitzgerald, an employee of the Lake road at West Beach, while standing with a derrick load, was struck by a swinging load and broken to the ground. His arm was broken and he sustained bruises and internal injuries. He was taken aboard an engine and taken to a Los Angeles hospital.

STREETS TROUSERS CAUGHT.
Edward Norton, aged 38, who says he is from San Francisco, ran into the arms of Officer Gallimore, at 5 o'clock this morning, as he was escaping from an apartment house on Pine street. He was wearing a pair of trousers and a shirt. He was taken to the Los Angeles police station.

LANDS BLACK SEA BASS.
Rotherham Takes Big Fish on Light Tackle—Simpson Coming for Leaping Tunas.

AVALON, Sept. 1.—[By Pacific Wireless.] E. W. Rotherham, the Englishman whose big yellowtail lacked but four ounces of being Simpson's world record catch, has been fishing here for black sea bass with light tackle, and today landed a fifty-pound fish on 3-4 tackle, playing him just five minutes. He also took two black bass weighing respectively 198 and 200 pounds on 9-9 tackle.

A message has been received that W. W. Simpson is en route to Avalon, having heard of the leaping tuna taken off Anacapa, yesterday, by C. G. Conn.

LANDS BLACK SEA BASS.
Rotherham Takes Big Fish on Light Tackle—Simpson Coming for Leaping Tunas.

AVALON, Sept. 1.—[By Pacific Wireless.] E. W. Rotherham, the Englishman whose big yellowtail lacked but four ounces of being Simpson's world record catch, has been fishing here for black sea bass with light tackle, and today landed a fifty-pound fish on 3-4 tackle, playing him just five minutes. He also took two black bass weighing respectively 198 and 200 pounds on 9-9 tackle.

A message has been received that W. W. Simpson is en route to Avalon, having heard of the leaping tuna taken off Anacapa, yesterday, by C. G. Conn.

DERER COLLAPSES AFTER SENTENCE AT SAN DIEGO.

Court When Homicide Was Committed, He "Was Not Right."
San Diego, Sept. 1.—William Burk, wife murderer, lost his nerve this morning, after Judge Laws had sentenced him to be hanged. Upon being taken from the courtroom, the prisoner, a state of utter collapse, was carried into the office of the District Attorney and he soon recovered sufficiently to walk with the aid of the officers.

LOG ROLLING PLANS.
Information received from all sources indicates that no less than 2000 Modern men will attend the annual log rolling at Tent City, beginning next day and continuing until the following Monday.

Consolidated Gas and Electric
Company is preparing to extend its gas lines to the city of Corona, and that city having accepted a proposition whereby more than 150 are consumers. The signatures of the city fathers and the city council are to be secured and the company is to lay a four-inch main from the city to the city of Corona.

EXCURSION TO ESCONDIDO.
The Chamber of Commerce has arranged a special train to be run through the mountains on September 2, 3 and 4, the annual celebration of "Cape Day" in the valley city. The train will leave San Diego at 8 o'clock in the morning, and will arrive at Escondido at 10 o'clock. The local lodge of Knights of the Ku Klux Klan, which will participate in the excursion, has been prominent in the efforts to secure a vast crowd in the city of Escondido.

COME HERE TO MARRY.
James H. Simpson of Irwindale, a well-known Los Angeles suburban, and Miss Anna Covina were married here yesterday afternoon. The couple came down in an automobile, accompanied by the bride's mother and sister. The groom is 34 years of age. His bride is 34 years of age. They have been married for some time. The bride is a native of Irwindale.

NOVEL BUNCO GAME.
AN BERNARDINO WOMEN VICTIMS.
DOSE MUCH HAIR FROM HEADS AND RECEIVERS.

Female Swindler Promises to Make Witches for Nominal Sum—Gets Witches and Disappears—Proposed Location of Septic Tank at Patton Causes Protests—Secret Wedding.

AN BERNARDINO, Sept. 1.—A novel bunco game has just come to light here. A woman is the "deceiver," and women are the victims. She has captured the contents of numerous hair receivers on agreement to have the tresses into graceful switch, and return them safely for a nominal charge.

Today several of her patrons were to have received their switches, but going to the number given on the swindler's card, they found an empty room. Inquiries elicited the information that many other women had been "switching" the hair.

There are between 100 and 200 victims. It is said. One declares that she would not have taken \$25 for her hair, which she has saved for years. Others, who submitted to the swindler, are broken-hearted.

SECRET NO LONGER.
Charles Fremont Wilde, aged 23, and Nancy Cary Knight, aged 33, were married this afternoon by Justice of the Peace C. L. Thomas. They give their residence as Highland, but both are said to be well known in the city. The bride is said to be a native of the State, and the groom is said to be a native of the State. The wedding was a secret, but it is now no longer so.

HIGHLAND PEOPLE OBJECT.
Highland people are considerably aroused because of the location of the new school building in that vicinity.
